

Operational Working Group Meeting

30th September, 2021

Action Points:

- National coordinators to follow up with log cluster on reminding supplies for Leer response (Mediar).
- National coordinators to follow up with UNHCR on flooding in Maban County.
- CCOSS to share Akop distribution report with SFP in Warrap state

Meeting Minutes

1. Key Context Update

- More than 466,000 people have been reported to be affected by flooding in areas along the Nile and Lol rivers and Sudd marshlands since May.
- Jonglei, Unity, Northern Bahr el Ghazal and Upper Nile are the worst affected states.
- Rapid needs assessments have been completed in 15 of the 22 counties affected by the flooding. Humanitarians are responding to the needs of people in the majority of the flood-affected counties.
- Response to people in Ayod, Fangak and Pigi/Canal counties in Jonglei, Aweil South and East counties in Northern Bahr el Ghazal, and Leer and Panyijiar counties in Unity are identified as high priority for a scale-up in operations, where physical access allows. The Humanitarian Coordinator a.i. announced an allocation of US\$20million from the South Sudan Humanitarian Fund, and part of the allocation will support flood response efforts.
- **Flood Response:** SSHF RA1 targeted Counties (Aweil East, Leer, Mayendit, Maiwut and Fashoda)
- **Tambura Response:** About 80,000 individuals displaced in Tambura and neighboring counties (Ezo, Yambio, Nagero, Nzara and Wau) are in need of S-NFI assistance. Plan is underway to scale-up the response in these areas
