

The CCCM, Shelter, and NFI sector present service monitoring and gap analysis for seven reception centres: Bama, Banki, Monguno, Pulka, Dikwa, Ngala, and Gwoza in Borno State. This report provides humanitarian partners with timely information to track humanitarian responses, identify sectoral gaps, and respond to displaced populations' needs.

KEY HIGHLIGHTS

In December 2023, 24,782 individuals representing 8,467 households (HHs) were recorded in seven reception centres in Borno State, with women and children accounting for 88 percent of the total. In this reporting period, 13 HHs (17 individuals) departed from Pulka, Dikwa, and Monguno reception centres for different reasons, including relocation to other areas and family reunifications.

CCCM PARTNER MANAGING THE RECEPTION CENTRES

DEMOGRAPHIC BREAKDOWN OF INDIVIDUAL POPULATION IN RECEPTION CENTRES

RC Location	Male 0-5 yrs	Female 0-5 yrs	Male 6-17 yrs	Female 6-17 yrs	Male 18-59 yrs	Female 18-59 yrs	Male 60+	Female 60+	Total
Pulka	1,237	1,418	1,436	1,655	754	2,234	139	226	9,099
Ngala	830	896	780	894	804	1,554	63	60	5,881

Grand Total	3,685	4,056	3,758	4,037	2,490	5,819	365	572	24,782

NUTRITION ACTIVE SERVICES

Supplementary feeding for malnourished children, pregnant and lactating mothers, and screening for malnourished children.

GAPS

CCCM partners reported 21 malnutrition cases in Bama reception center. There is a need for more supplementary feeding for pregnant and lactating mothers in Banki, Bama, Gwoza, and Dikwa. In Monguno, there is need of functional partner providing nutrition supplements to the new arrivals at the reception centre.

HEALTH ACTIVE SERVICES

Medical screening, referrals, vaccination, immunization, distribution of essential medicine in all RCs.

GAPS

There is need of functional primary health care in Monguno, Ngala and Pulka reception centres and secondary health care in Banki, Bama, Monguno, Ngala, Pulka and Ngala.

PROTECTION ACTIVE SERVICES

Protection services include legal documentation, Gender Based Violence (GBV) services, general protection services, referrals, vulnerability screening, child protection services and Mental Health and Psychosocial Support (MHPSS) services.

GAPS

There are need for legal aid on protection concerns in Ngala, Pulka and Dikwa. In Monguno, there is lack of child protection activities.

WATER, SANITATION AND HYGIENE (WASH) ACTIVE SERVICES

WASH services include construction of latrines and showers, distribution of sanitation materials, dislodgement of latrines/solid waste management, chlorination of water, hygiene promotion and maintenance of WASH facilities.

GAPS

Out of total 152 showers, 14 showers were damaged in Pulka (8), Bama (4) and Ngala (2). And out of total 274 latrines, 18 latrines are damaged in Pulka (10), Ngala (4), Bama (2) and Dikwa (2). There are lack of lighting around the latrines in Bama, Pulka and Dikwa poses a protection risk to the IDPs. CCCM partner in Pulka reported the need to increase water supply in the reception centre.

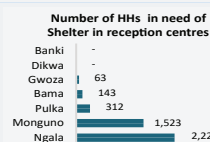

HUMANITARIAN RESPONSE AND GAP

SHELTER ACTIVE SERVICES

Shelter services include shelter construction, reinforcement, shelter kit distribution and shelter repair.

GAPS

A total of 4,268 HHs urgently need shelter responses in the seven reception centres where 110 HHs were recorded living outside, while 36 HHs were referred for sharing modalities. In Monguno and Pulka, there is need for decongestion of the facilities by the constructing shelter across camps.

NFI ACTIVE SERVICES

NFI services include the distribution of NFI kits (Standard/Improved).

GAPS

A total of 1,840 HHs need NFI interventions in the following LGAs: Pulka (602 HHs), Monguno (485), Bama (357), Ngala (333), and Gwoza (63 HHs). In Bama and Gwoza there is urgent need of NFI kits. The most sought-after NFI items include blanket mats, kitchen sets, buckets, jerrycans, mosquito nets, sheeting, and soap.

CAMP COORD. AND CAMP MANAGEMENT ACTIVE SERVICES

CCCM services include registration, site service coordination and monitoring, reception centre management, awareness/sensitization, service advocacy, referrals and complaints, and feedback mechanism.

GAPS

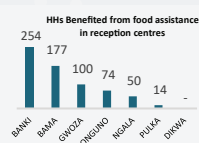

In Ngala, there is a need to construct new shelters to accommodate the new arrivals. In Pulka, the CCCM partner noted the need for additional shelters to decongest the transit shades.

FOOD SECURITY (FS) ACTIVE SERVICES

Food security services include wet feeding, general food distribution and cash based transfer.

GAPS

A total of 669 HHs received in-kind food distribution across the seven reception centres during this period. CCCM partners observed an urgent need for more food assistance. Similarly 201 HHs received cash for food in Gwoza (89) and Dikwa (112). CCCM partners reported that delayed scope registration for new arrivals poses a major challenge that has led to negative coping mechanisms, including street begging.

New arrivals sleeping in the waiting area due to congestion in the RC and no shelter across the camps for the decongestion of the RC & queue for fetching of water in Monguno reception centre ©IOM
