Caarish Shelters

Hybrid Shelter

## Shelter Typologies being used in Somalia

Emergency Shelter Kits (ESKs)

Improved Transition Shelters

## Shelter Typologies being used in Somalia

Hybrid Shelters

Mud Shelters

# Sustainability of Shelters through HLP

- NRC has a strong ICLA staff presence who are well experienced in HLP rights
- Verification of land ownership through investigation of previous owner
- Searches at land registry to identify owner
- Drafting of tenure documents especially communal land agreements
- Issuance of individual land titles
- HLP trainings for right holders, duty bearers and decision makers on rights, remedies and entitlements
- Collaborative Dispute Resolution especially mediation of land disputes at community level with court action as last resort mostly for evictions or returnees claiming property
