John Segredo – **301 FAMILIES**

AWAITING GO AHEAD FROM INGD
(Families have received toolkits from tzu Chi Foundation; Just need taros from INGD)

NHAMATANDA

MANICA

CCCM UPDATE:
EPI Muawa- families will be integrated into the existing Muawa resettlement site, demarcation has been done for 95 plots, assigned to families but they are pending shelter support and some are trying to find materials locally.
Maquina- 270 HHs already received 270 metal roofs and some construction tools from IOM. In Maquina, CCCM and SDPI demarcated 338 and allocated plots for 270 HHs.
4 Outubro- Government advised them to go home, promised them to provide plots in the village
Nhamississua- these families will be integrated into the existing resettlement site of Nhamississua, demarcation already finalized but no shelters yet built.

NHAMATANDA SITUATION

PHASE 1: 301 Families from John Segredo (TARPS, BLANKETS, KITCHEN SETS)- 301 HH

PHASE 2: Other families who were returned to their homes in risk areas

PLOTS ALREADY MARKED OUT FOR 1000 + ADDITIONAL FAMILIES

Nhamatanda District- Sofala Province

- 301 HHs are also waiting to be deactivated at John Segredo accommodation centers. Food, Security, Wash, Health, and CCCM provide them with regular assistance.
- CCCM and Wash went to Metuxira to explore relocation opportunities.
- CCCM and Wash, as well as the INGD focal point and the Nhamatanda SDPI, have already identified communal latrines.
- Nhamatanda Government is also searching for Muda and Njanje Sites, with the help of CCCM, to provide the HHs more choices.
- With the help of the CCCM, 808 plots in Metuxira and 202 in Chadeia have already been marked out (Njanje 1), Muda Sede 318 plots.
- The Nhamatanda Government's efforts to relocate the John Segredo HHs as well as other HHs from high-risk areas to new locations.

Minutes 20.4.21- Closure of Eloise Response Shelter Cluster Meetings

- Today (20.4.21) was the **final Eloise Response Shelter Cluster Meeting**
- Please see attached presentation overview of the Shelter Cluster response to Eloise on the basis of activities reported here:

https://docs.google.com/spreadsheets/d/1ppDKCpMj6FApCChj5u_jVM-reLfOhyReantyTrpG64g/edit#gid=523752598

Please let SC know by END OF DAY tomorrow (21 April) if there are any errors or gaps in this reporting. Please share your comments and feedback on the presentation. This will be shared with OCHA and government.

- Please note that **IFRC/CVM will continue to lead the shelter cluster for preparedness and future emergency response** (I will share new focal point shortly)
- IOM shared with partners that they have signed an **MoU with Grepoc** to support them in their coordination and technical support activities with post-cyclone reconstruction partners.
- IOM will reach out in due course to all recovery/ development partners, as listed on this email chain, to arrange technical working group/ similar type group meeting. IOM Contact- Karen Lourenco: klourenco@iom.int
- IOM advised that they hope the Shelter Recovery Assessment (Round 2) will be available this month, which may be useful for recovery partners. Round 1 from 2020 below, for reference and to know what to expect:
<https://dtm.iom.int/reports/mozambique-%E2%80%93-shelter-recovery-assessment-central-region-mozambique-april-2020>
