

## HIGHLIGHTS OF THE MONTH

- Latrine reconstruction/rehabilitation continue following flood impact in IDP camps
- Village flood response focused on pond rehabilitation and distribution of household water filters
- Collaborations with Education agencies formalised past month identified to be better operationalised next months
- Continuous advocacy for integrated latrines with Shelter, in habitat approach defined ending displacement project, now well applied with individual shelters in Kyauktaw township
- Strongest integration of Wash data related to Maungdaw district Wash

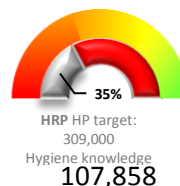

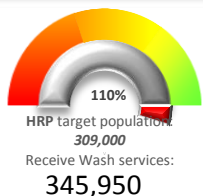

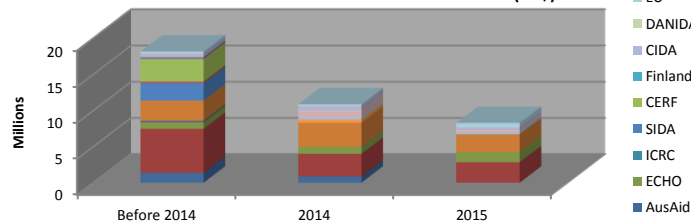

**Site coverage by a dedicated Wash Partner**

**Repartition beneficiary typology**

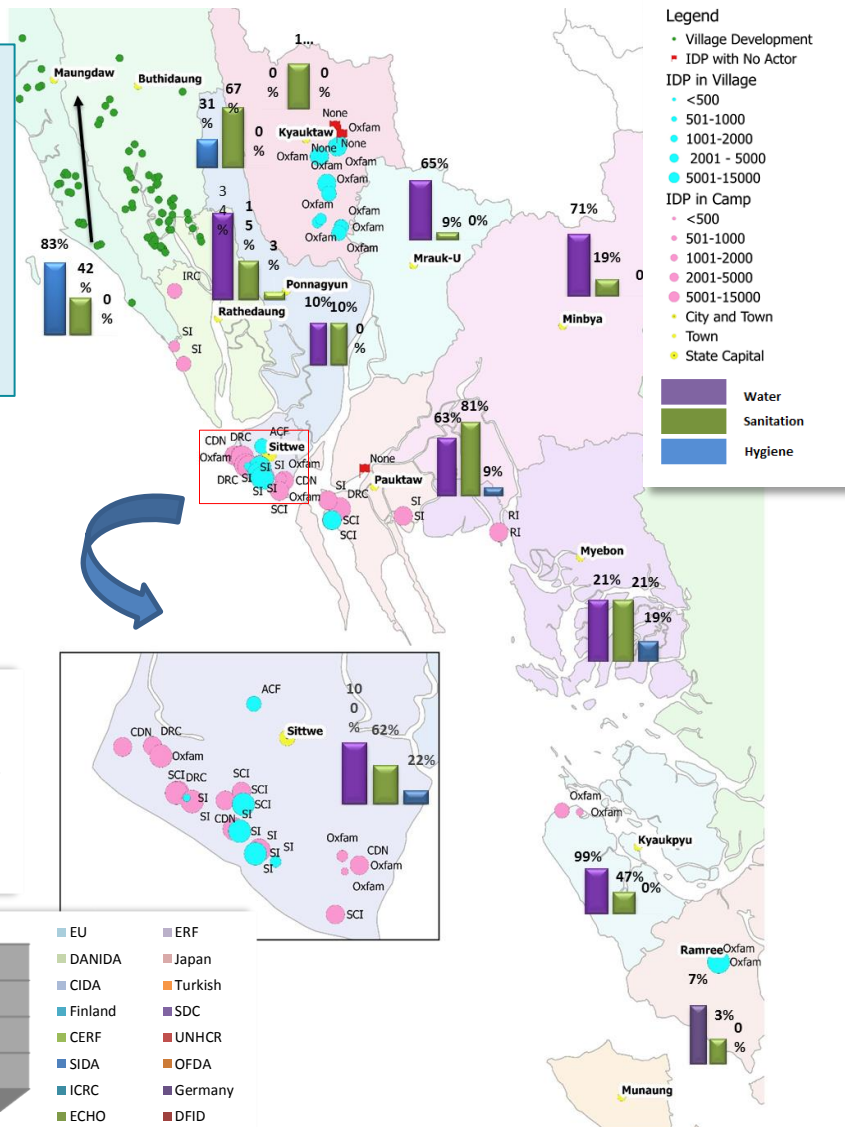

**APPROXIMATE FUND ENGAGED PER YEAR(US\$)**

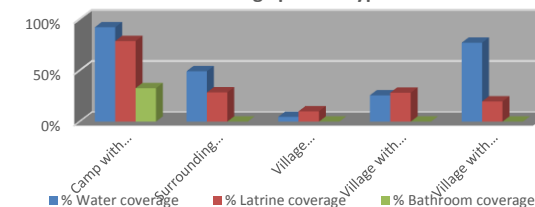

### Limitations of the analysis:

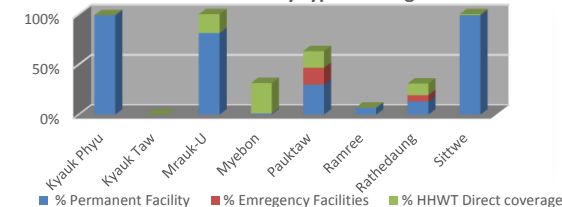

- ✓ Lack of data on sanitation for villages where activities recently started
- ✓ Access to water does not report closely enough about safe drinking water
- ✓ Access to Pond water is not reflected not considered

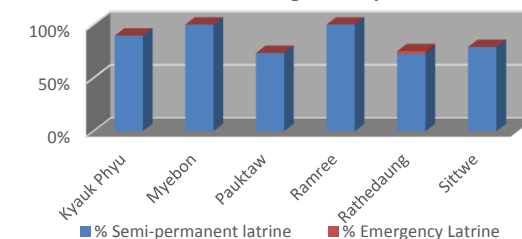

**Needs coverage per site type**

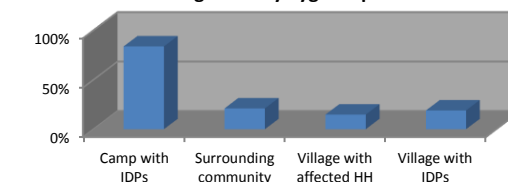

**Water Facility type coverage**

**Latrine coverage in camps**

**HH receiving monthly hygiene promotion**

**TLS coverage**
