

NPRF-series & Europe Pro Match

31/07-2026 - 01/08-2026

Safety and Rules:

Safety is paramount and everyone's responsibility. Anyone who observes an unsafe act or event must/can call a "cease fire", at any time during the course of the match.

1. Treat all guns as if they are loaded at all times.
2. Muzzle awareness is crucial. Keep the muzzle pointed in a safe direction at all times. Either up, towards the firing line or in the safezone on each station.
3. All movement with the rifle must be done with the bolt open.
4. Do not close the bolt until you're in position and have the rifle pointed towards the target.
5. If you are running a semi-auto, place the weapon on SAFE during transitions and say out loud "SAFE" before moving.
6. Keep your finger off the trigger, and outside the trigger guard until you are ready to shoot.
7. The chamber flag is mandatory and must be in the chamber until the RO tells you to remove it.
8. Cheating will result in an immediate match DQ.
9. Unsportsmanlike conduct may result in a warning, a stage DQ, or match DQ. The assessment is up to the RO and/or the MD and not up for discussion.
10. Follow the international PRS rules on precisionrifleseries.com

Equipment/behavior:

Magazines must not be filled with more than 10 rounds. Violation of this rule will result in a warning the first time, stage DQ the second time and match DQ the third time.

Binoculars, spotting scopes and range finders can be used at all times.

It's allowed to start the stage with tripods deployed.

For match flow: Be ready with the rifle and equipment on the starting line as soon as the shooter before you is finished shooting. Please help with picking brass unless the RO tells you otherwise on stage.

All targets beyond 600m will be equipped with T1000 hit indicators.

"Hit to move" means = You must hit the first target before you move on to the next target. If you miss the first shot on the first target, you shall fire the second shot at the same target until you hit.

If you have concerns regarding other shooters behavior, bring this up with the RO/MD as soon as possible. Not after the price ceremony.

All RO's will be equipped with a shot timer from Shooters Global.

There will be food available at the clubhouse. Toilets can also be found here. The price ceremony and match brief is at the clubhouse.

There will be a zero range open from 1700-2000 on Friday and on request. If you need to zero during the day, ask your RO.

All stages start standing with the rifle in hand, bolt open and all equipment allowed unless otherwise instructed in the briefing. The shooter will start on timer beep or on command.

Hope you enjoy the match!

MD's: Bjørn Sørland (+47 99123574), Eivind Sæther (+47 93836656), & Håkon Berg (+47 90770210)
