# Viking Trail 2025

### Rules of Viking Trail 2025

Viking Trail is a cold match. All rifles must remain unloaded with the chamber flag inserted until the shooter is on the firing line and is instructed to load and make ready by the RO

Treat your RO's and fellow competitors with respect.

We are all here to have fun.

If there is a dispute, the MDs will make the final call after reviewing the situation and the 2024 PRS Rulebook

At no time are shooters allowed to test the stage props during the match. Shooters must stay behind the stage signs until their time to shoot begins

RO Option 2 will be used this weekend, so shooters will be helping out the stationary ROs when it comes to spotting.

Please PLEASE move as a squad,

This ensures even the last shooter has multiple spotters for their run.

Shooters will be required to initial their score before leaving each stage.

This ensures you actually look at your score and approve it as being correct before leaving the stage

This is your arbitrition.

There are no overall gear restrictions for the match.

If there are any restrictions, they will be outlined in the brief for that specific stage.

Tripods can be fully deployed shuold you choose to use one.

Please throw away any trash, cigarette butts, water bottles, etc.

Thank you for reading and enjoy participating in Viking Trial 2025
