1430		Sq7	Sq8	Sq5	Sq6	Sq3	Sq4	Sq1	Sq2
1515		Sq6	Sq7	Sq8	Sq5	Sq2	Sq3	Sq4	Sq1
1630 at the latest		Awards at limoen							

## Results

Scores will be visible in Shootnscoreit ("Live" scoring). Results will be announced at the awards and be released as soon as possible post award ceremony. We kindly ask you to verify your scores continuously (You will also be asked to create a 4 digit pin at the first stage).

## Registration/Gun Check Competitor information

Registration will be on your first stage. Roll call will begin at 0850 at the latest followed by the stage briefing.

For Norwegian competitors we kindly ask you to update your registration with a valid IPSC/DSSN License and bring a copy of your proof of membership (digital or physical) so that the RO can check it during registration.

You might be subject to random chronograph and gun checks during the match.

## Venues

Transport time between areas - estimated 25 minutes

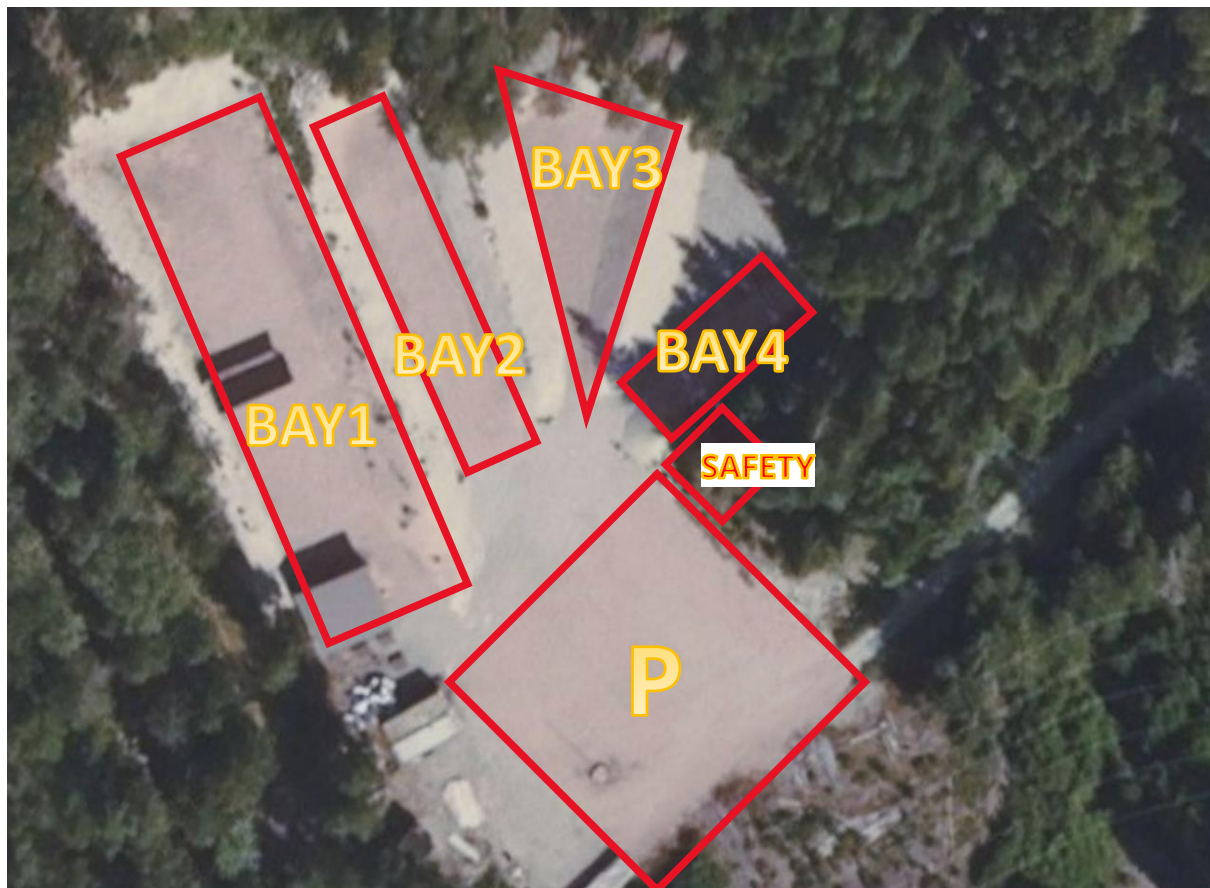

Award ceremony will be at Area 1 as soon as the match is done and all competitors and crew are able to get there, estimated 1630 at the latest. Competitors finishing at area 2 will kindly be asked to help bring in some of the equipment before they leave as they have to be taken down at the end of the match.

Area 1 (Limoen): (Closest to Oslo)

<https://maps.app.goo.gl/KubWNgbSGz9WFySD6>

Maximum range 50 m

An outhouse is available. No power or running water is available. Do NOT attempt to drive down the hill to area 2 if you don't have 4WD unless the road is newly covered with gravel. Hitchhike with a friend or enemy.

Area 2 (Hjartdal):

<https://maps.app.goo.gl/1gEskKHnjfm6LqZi8>

Maximum range 300 m

No toilets are available here. Stop at the “Shell” in Sauland on the way between shooting areas. Coffee and waffles are available for purchase. A heated waiting room and some chairs awaits. Stage 9 is outside, stage 6-8 are from underneath a roof.

## Stages

Stages are also available at SSI. Drawings are not final and the number of targets as well as the placement of them might differ from the drawings.

<https://shootnscoreit.com/event/22/18762/stages/>

At Area 1, two stages are shot “hotrange” in the same bay.

At Area 2 – three stages are shot in sequence while sharing some equipment (like electronic targets or autopoppers). Follow the RO’s instructions and please make sure you are ready at your designated timeslot and time to shoot so that there are no unnecessary holdups.

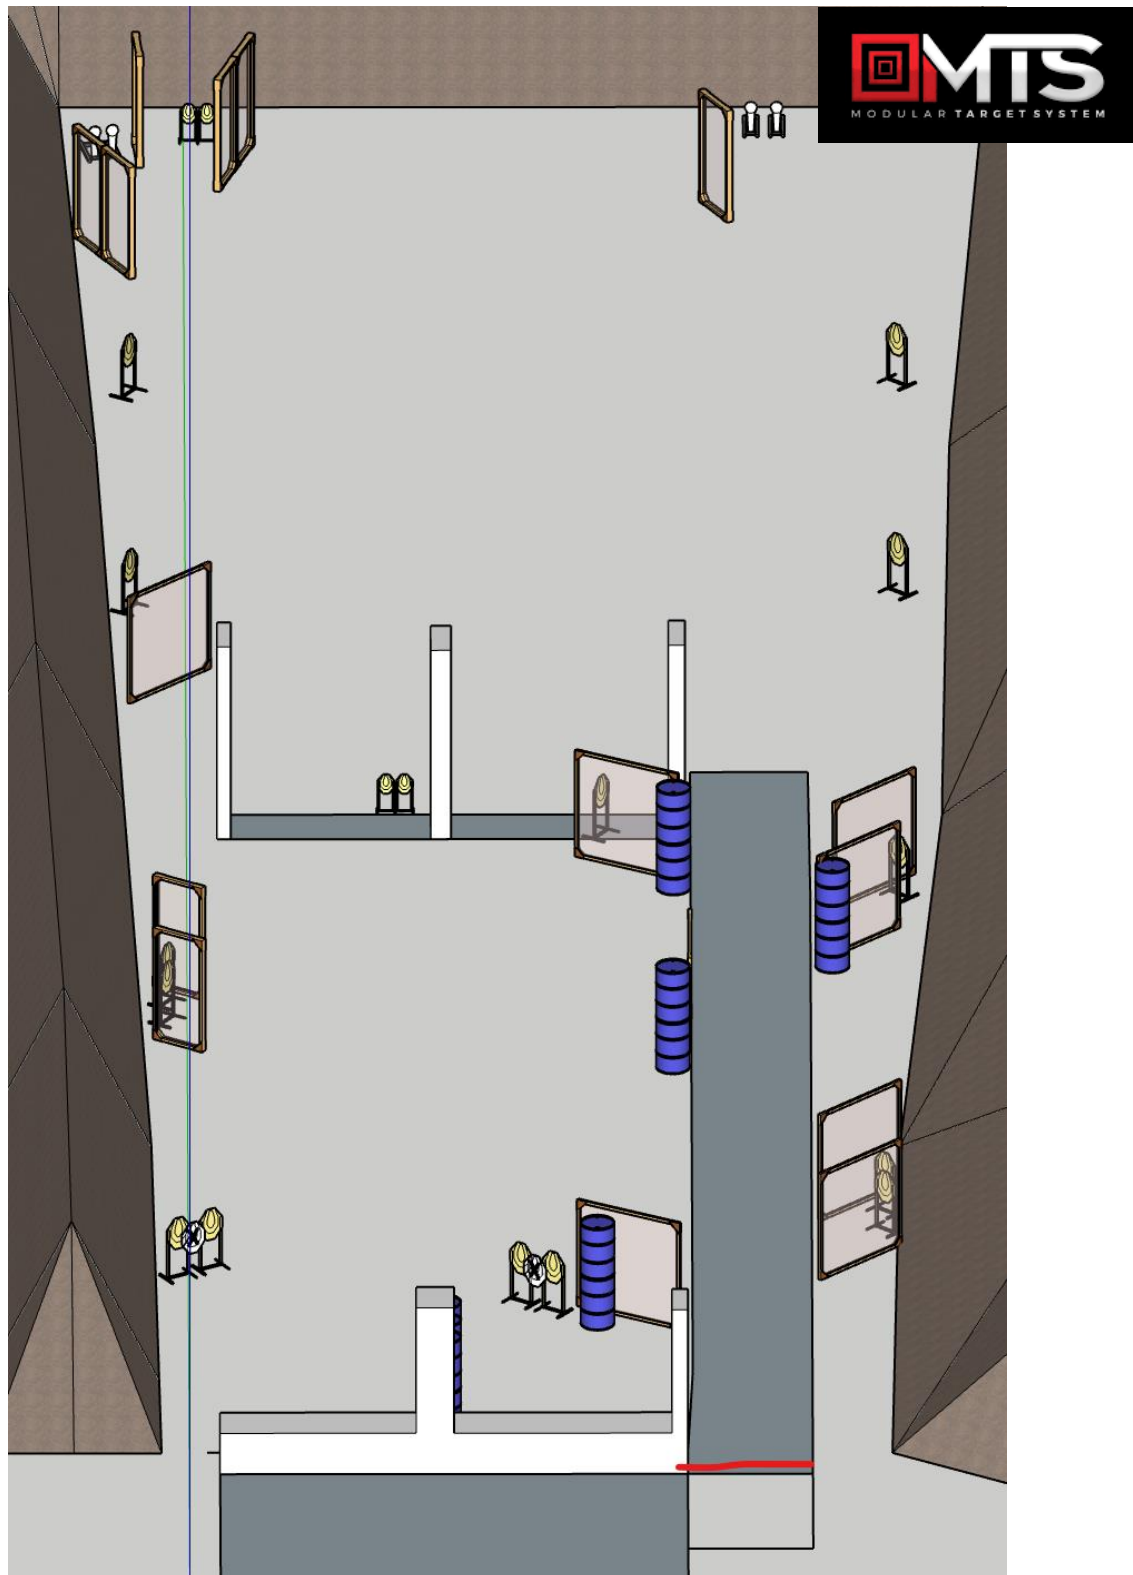

The electronic targets are scored as you shoot and are not subject to protests. As far as possible we will allow the shooter to view his/her hits on the monitor before they are reset for the next shooter – but options might be limited due to the tight schedule and sharing of equipment between stages.

Mekanix X-Targets “Autopoppers” will be used during the match. These targets are set to automatically reset after a given time (i.e. 60 seconds). If they recover during your stage, you should NOT engage them again. The RO have already registered your hit. If you DO shoot it again, you will NOT earn a reshoot and you will not be given two hits. All steel plates at Area 2 are 10p steel.

## Area 1 – Limoen

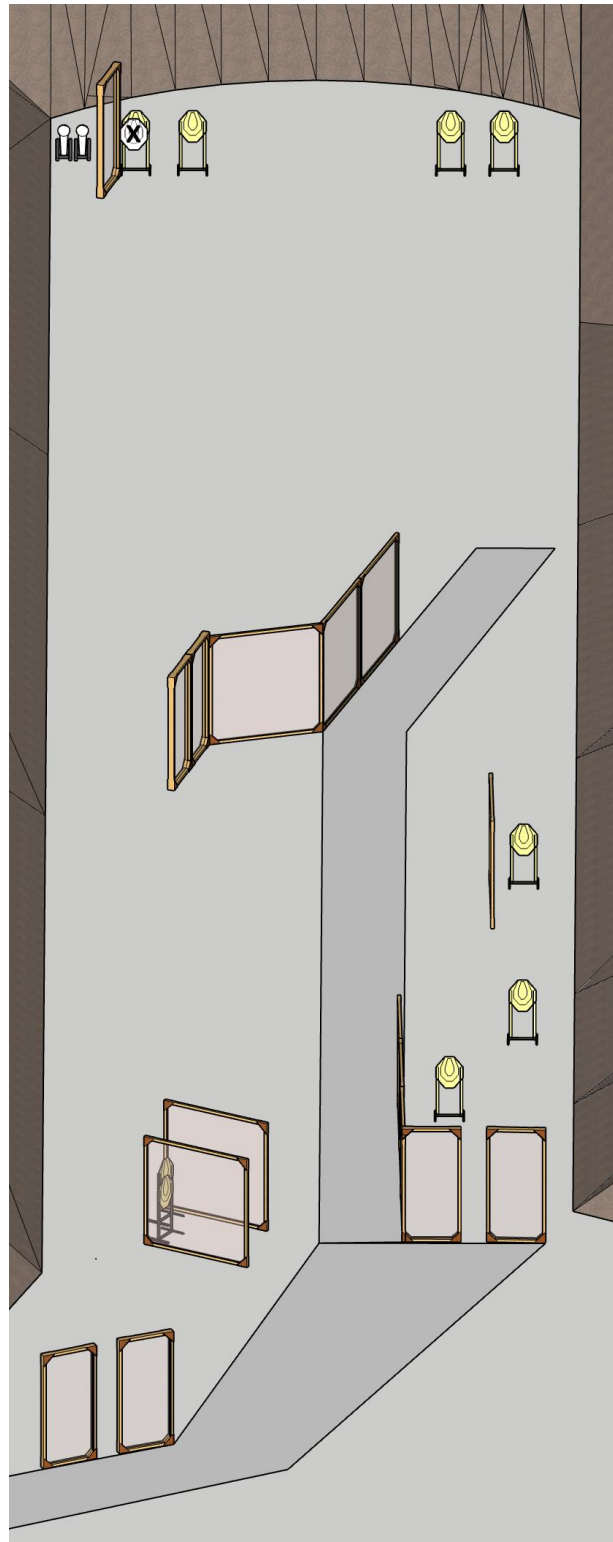

## Stage1 – Bay 1

Long Course	40 rds minimum	18 paper, 4 poppers
Option 1	Start anywhere inside building	

## Stage2 – Bay 2
