General Information

The match location is in Stamnesdalen. The main location will be [Stamnesdalen Motorsportsenter](#).

NB! Safety angles for this match will be less than 90 degrees due to shooting in the terrain and non-shooting range areas missing side wall berms.

All stages within 800m from Stamnesdalen motorsportsenter. Maximum 300m walk from car parking to most remote stage.

Competitor parking will be at the two parking lots at [Stamnesdalen Motorsportsenter](#) and the one at [Vårtun](#)

The stages registered are the balance we are aiming for. Stage design is still ongoing and can be changed by designers or sanctioning.

Due to practical reasons, competitors will not be given the opportunity to verify their own hits/misses, on targets more than 30 meters away (except electronic targets that a delegate can verify at the monitors during shooting and scoring)

However we have a scoring crew that puts their honor into giving a fair score, according to the rule book, for all the shooters

We are still planning this match, so more info will come and changes can be made.

Main match Schedule

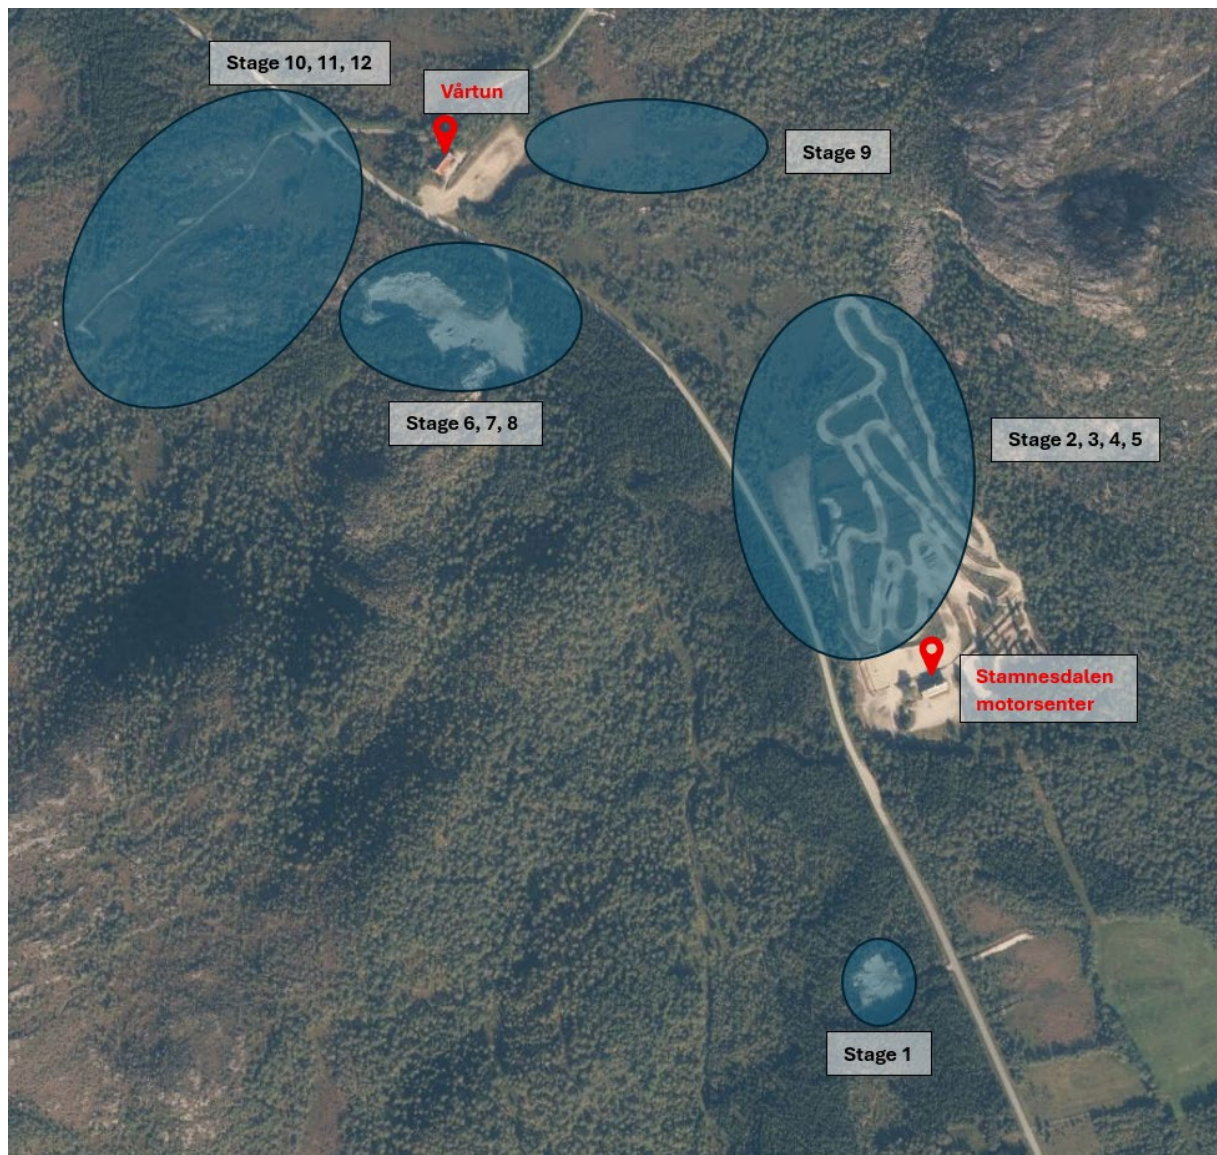

We are planning for shooting 8 stages on Saturday starting 09:00 and 4 stages on Sunday ending at Lunch Ca 13:00. Award ceremony with start number lottery for competitors attending the ceremony, Ca 13:30

Pre-Match Schedule and information

The plan is to shoot PM on both Thursday and Friday.

It will be difficult to shoot all 12 stages on one day, so to be able to shoot all stages, PM crew need to plan for two days of shooting. More details will be available when match planning is complete.

Area overview

Accommodation

Places to search for accommodation will be Kyrksæterøra 25 min drive from the range

Kyrksæterøra:

- [Hotell Koselig](#)
- [Skogrand Apartments & Camping](#)

Match t-shirt

We will offer a match t-shirt for the match. Available in sizes is small – 4XL

Unfortunately, the final design isn't ready yet, but we have a [link to basis shirt information and size chart](#)

Stages

The stages registered on SSI are the balance we are aiming for. Stage design is still ongoing and can be changed by designers or sanctioning.
