

The map illustrates the route of the Queterear Maratn 2023, starting at the 'Apertura de Dovelas' and passing through various landmarks including the 'Piramide el Puebloito' and 'Parque Tejada'. The altimetry chart below the map shows the elevation profile of the route, with the y-axis representing altitude in meters (1000 to 1800) and the x-axis representing distance in kilometers (0 to 40). The chart shows a significant initial climb, followed by a descent and then a relatively flat profile with minor fluctuations.
