

GFP TITLE SELECTION COMMITTEE

On each of the Promotion/Arena cards, there's 3 selections in a red box. This is a feature that can help determine the next challenger for the GFP Heavyweight title.

All of the promoters gather for this. There's 3 fighters chosen. One is the Top Sector Star while the others are a Top GFP Face and a Top GFP Heel. Roll a d6 for each promoter and that is their vote.

After all 10 have voted, the category with the most votes is the winner and is in line for the title shot. Should there be a tie, The Konishoner can break the tie with who he feels like giving it to or there could be another vote between the tied fighters only.

The GFP Heavyweight Champion and the challenger typically fight over all the sectors to showcase the title and give the fans an equal chance to see the championship in their sector. However, not always does the champion make it to each sector with each title run.
