

# General Product Safety Regulation (GPSR) – Safety Information for Clothing Velcro Military Patch

This document provides safety information for clothing Velcro military patches to ensure compliance with the UK and EU General Product Safety Regulation (GPSR).

## **1. Intended Use**

The Velcro patch is designed for decorative or identification purposes on clothing, uniforms, bags, or gear. It attaches to compatible Velcro surfaces and can be removed and reused.

## **2. Material Safety**

Patches are made from durable, non-toxic fabric and hook-and-loop materials. They comply with consumer safety standards and are free from hazardous chemicals.

## **3. Application and Removal**

Ensure the Velcro surface is clean and dry before attaching the patch. Avoid placing patches on areas that may interfere with clothing fasteners, protective gear, or safety equipment.

## **4. Child Safety**

Not suitable for children under 3 years old due to potential choking hazards if small parts become detached. Keep packaging materials away from children.

## **5. Maintenance**

Inspect patches periodically. Clean gently by hand if necessary, and avoid exposing to extreme heat or flames, which could damage the material.

## **6. Disposal**

Dispose of worn-out patches responsibly with textile waste. Follow local recycling and waste management guidelines.

## **7. Compliance Statement**

This product is designed in accordance with the General Product Safety Regulation (GPSR) to ensure it does not pose risks under normal or reasonably foreseeable use conditions.
