

# General Product Safety Regulation (GPSR) – Safety Information

This document provides general safety information in compliance with the UK and EU General Product Safety Regulation (GPSR) for a wrist watch intended for consumer use. It is important that the product is used only as intended and in accordance with the following guidelines to ensure safety, durability, and comfort.

## ✓ Intended Use

This wrist watch is designed for timekeeping and general consumer use. It should be worn on the wrist and adjusted according to the manufacturer's instructions. It is not suitable for use as a toy, tool, or for any other unintended purposes.

## ✓ Safety Precautions

- Ensure the watch strap and case are securely fastened before use.
- Do not overtighten the strap to avoid discomfort or circulation issues.
- Keep the watch away from small children, as small components may pose a choking hazard.
- Avoid dropping, crushing, or exposing the watch to extreme impacts.
- Do not expose the watch to open flames, excessive heat, or chemicals.
- If water-resistant, follow the specific manufacturer's rating (ATM/bar) and avoid exceeding limits.
- Immediately discontinue use if skin irritation, rash, or allergic reaction occurs.
- Do not attempt to open or modify the watch mechanism, as this may compromise safety and warranty.

## ✓ Maintenance & Care

Clean the watch regularly with a soft cloth. For waterproof models, rinse gently with fresh water after contact with salt water or sweat. Do not use abrasive materials or strong chemicals. Replace the battery or recharge as specified by the manufacturer. Service the watch at authorized centers only.

## ✓ Environmental & Disposal Information

Dispose of the watch responsibly at the end of its service life. Electronic watches and batteries should not be disposed of with household waste. Follow local recycling and electronic waste collection regulations. Where possible, return the product to an authorized recycling facility.

## ✓ Manufacturer Contact Information

For safety concerns, product support, or to report an incident, please contact the manufacturer or authorized distributor. Provide the product name, model, and serial/batch number (if available).
