

FIRECHIEF VEHICLE EXTINGUISHER CABINET

FIRECHIEF[®]
making the world a safer place

MODEL:

FVC6

FVC9

This fire extinguisher cabinet is designed for use with commercial vehicles and is manufactured from injection moulded polypropylene. The reinforced and non-deformable structure guarantees strength. These cabinets are designed for mounting horizontally or vertically on the vehicle. With the top loading design, they are the perfect solution when space is restricted.

- Available in two sizes for 6ltr/kg and 9ltr/kg fire extinguishers
- Nylon tension spring to hold fire extinguisher firm
- Nylon handle is sealable or lockable against tampering or theft
- Inspection window for vehicle checks
- Internal rubber seal against water and dust ingress
- Brackets are available for mounting on any side of the cabinet (KIT88401 - Vertical & KIT88511 - Horizontal)
