Training and Accreditation Working 2014

The Training and Accreditation Working Group is one of the few Working Groups whose work is constantly required.

Robert Hudleston is the Joint Chair for the Highways side and provides the secretarial support to manage the group.

The work is very challenging not just because of the recent changes to Registration, Reassessment introduced in 2010 through SI2257 2009 – The Street Works (Qualifications of Supervisors and Operatives) (England) Regulations 2009. The fact that each Country, England; Wales; Scotland and Northern Ireland have differing rules and legislation makes the work of the group very interesting as adjustments are required not only to course content but also to when and how registration may be renewed.

The membership may be considered as Active Members:

Robert Hudleston Highways Joint Chair and Secretariat (Network Rail)

Chris Perkins NJUG Joint Chair (UKPowernetworks)

Victoria Partington – CABWI
