Being a Jette Parker Artist

Jette Parker singers, stage directors and music staff are full-time salaried employees with the Royal Opera for 24 months running September through August. Artists receive a basic salary, currently £30,000, plus some additional payments for performing.

Leave may occasionally be granted for concerts and recitals if compatible with Programme commitments, but longer periods of absence for full productions elsewhere are not possible.

Both répétiteurs and conductors/répétiteurs work as members of the music staff on Royal Opera productions and must have a high level of pianistic ability. All conductors are expected to have sufficient experience to work as assistant conductors on Royal Opera productions.

Application Process

Applications will open on Wednesday 22nd October 2025, and the deadline for receiving applications via the YAP Tracker website is the end of Wednesday 3rd December 2025.

We anticipate inviting up to 12 candidates for the final round of auditions which will be live at the Royal Opera House in London from **Tuesday 3rd – Friday 6th March 2026.**

The following will be required:

- A curriculum vitae of maximum one page
- A recent photograph
- Two confidential recommendations by industry professionals, but NOT the applicant's regular teacher, of maximum 200 words each

The recommendations must be written *specifically* for the application and *uploaded by the referees directly* to the YAP Tracker website *before the deadline*.

- A completed Jette Parker Artists Programme Equal Opportunities questionnaire found at the end of the application form.

This information will not be made available to the audition panel but will help the ROH to monitor and be accountable for its equal opportunities and diversity objectives.

Conductors are also encouraged to upload two recorded examples of their work. Recordings must be accompanied by the titles of the pieces, the date they were recorded and credit any relevant orchestra/performers/performing company or presenter.

Please note that the same application will be used for all Jette Parker opera music staff positions, whether opera répétiteur or opera conductor/répétiteur. Please state clearly which position(s) you wish to be considered for.

The status of your application will appear on the YAP Tracker website. It is the applicant's responsibility to ensure all elements of the application, including recommendations, have been uploaded by both themselves and their referees before the deadline.

Applicants will be notified as soon as possible after the deadline as to whether or not they have been selected for audition at the Royal Opera House. We regret that we cannot enter into correspondence about the choice of candidates for audition.

Frequently Asked Questions: Applications

Who can apply?

Applicants should be répétiteurs or conductors/répétiteurs with strong répétiteur skills of exceptional talent at the start of their professional careers. In most cases you will have some performance experience and have completed a music degree, although neither is essential. Applications for the Programme are accepted from all countries and all nationalities. The applicants must be over 18 years old at the time of joining the programme, there is no upper age limit for applicants. However, the panel will consider the stage that an artist has reached in their career, their aptitude and appetite for continued professional development, their readiness to perform available roles for the Royal Opera and how their artistic and career development could be positively impacted by immersion in the Programme at this moment.

Do applicants need permission to work in the UK to apply for the Programme?

There is no obligation to have permission to work in the UK in advance in order to apply for the Programme. If applicants are offered a place on the Programme and require a visa, the Royal Opera House will apply for a Certificate of Sponsorship and write a Letter of Invitation to support that individual's application.

What does it cost to apply?

There is no application fee for the Programme; however, YAP Tracker charges a nominal administration fee (plus credit card charges where applicable).

Do I need to subscribe to YAP Tracker to apply?

No. Free accounts are available for applicants at www.yaptracker.com/register-applicant. All applicants must create a User ID and Password in order to login, submit applications and upload their materials. Paid accounts are also available to hear of other opportunities.

Can I use my friend's account to apply?

No, YAP Tracker accounts cannot be shared. The system prevents duplicate submissions on any one account.

How do I complete a YAP Tracker application?

Once applicants have registered, they should log in and carefully read the application requirements. They should then upload all the required submission materials and submit the form with payment.

What do I do if I have problems uploading my application to YAP Tracker?

If applicants have problems uploading any part of the application or have other technical issues with YAP Tracker, they should contact the YAP Tracker help team on help@yaptracker.com. The JPAP Assistant is not able to help with technical questions.

How to submit recommendations

All applications must include two recommendations written by industry professionals, and not the applicant's regular teacher. These should be a frank assessment of the candidate's abilities, including any areas requiring refinement.

When completing the application form on YAP Tracker, the applicant should include the names and contact details of their referees. The website will then send an automated email to the referees asking them to upload their recommendations directly to the website. Recommendations cannot be accepted in any other way. [Find out more about how the recommendation process works.](#)

All referees listed will be invited by the automated system to upload a recommendation. A **minimum of two** recommendations must be uploaded by the deadline for your application to be considered. There is space on the application to include the names and contact details of **up to four** referees. You may find it a useful safety measure to list more than 2 referees in case your first-choice referees fail to upload by the deadline, however the panel will only consider the first two of the recommendations submitted.

Deadline for recommendations

Unless two recommendations are uploaded to YAP Tracker before the deadline, the application will be rejected. The applicants are themselves responsible for ensuring that their application is complete. The applicants should contact their referees *in plenty of time* to ensure they are happy to upload a recommendation in advance of the deadline. Applicants can [check their application status regularly here](#) to ensure that at least two recommendations have been uploaded.

You are able to submit your application before your referees have completed their letters of recommendation. However, the application will only be considered if your referees complete their recommendations by the deadline. It is the responsibility of the applicant, not the Programme, to chase and upload missing elements before the deadline.

NB If recommendations are still pending, it may be because the request email went into the referee's Spam folder. The applicants are themselves responsible for contacting their referees to check if they have received the request email. If one or both recommendations are still missing close to the deadline, applicants are advised to enter contact details of up to two additional people in order to ensure they reach the required number of recommendations. See the [YAP Tracker website](#) for instructions for resending a recommendation request, changing referees' email addresses and adding or changing referees, and email JPAPAssistant@roh.org.uk to make changes to the referees if the application has already been submitted.

Contents of recommendations

Recommendations must be written specifically for this application. They should ideally contain the following information: how the referee knows the applicant, how long they have worked with the applicant, the applicant's performance and career potential, musicality, command of languages, reliability, learning speed, and working relationships with colleagues.

Length of recommendations

Recommendations should be a maximum of 200 words. Referees should bear in mind that the selection panel will review a large number of applications and appreciate clear and concise information. Bullet points are acceptable.

Language for recommendations

Recommendations may be written in English, French, German, or Italian. Recommendations in any other language must be accompanied by an English translation (although this does not have to be officially certified).
