

LogiLink®

Freestanding Tilttable Footrest

Art. No.: EO0036

Under-Desk Comfort

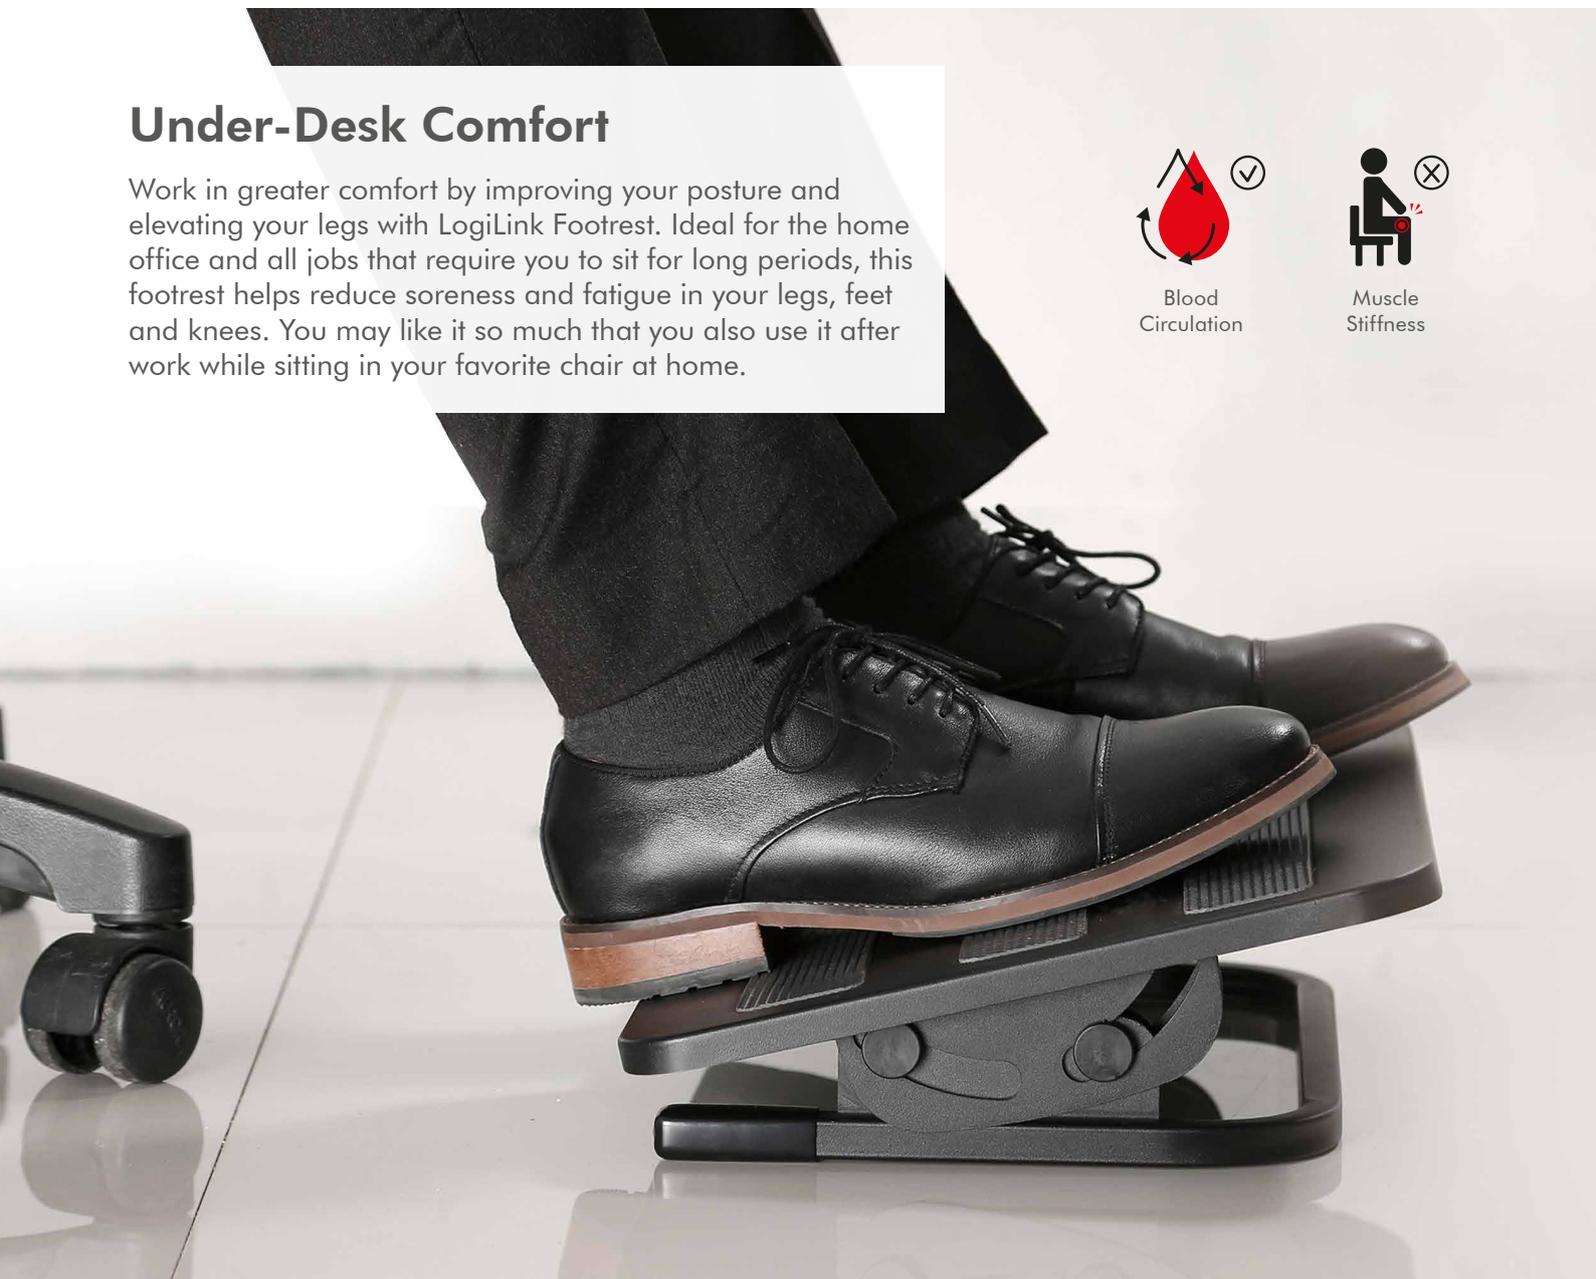

Work in greater comfort by improving your posture and elevating your legs with LogiLink Footrest. Ideal for the home office and all jobs that require you to sit for long periods, this footrest helps reduce soreness and fatigue in your legs, feet and knees. You may like it so much that you also use it after work while sitting in your favorite chair at home.

Improve Blood Circulation and Leg Relief While Seated

Improves your posture at your desk and elevates your legs for greater comfort and productivity.

Adjustable to Your Personal Preference

This footrest offers a customizable $-20^{\circ}/+20^{\circ}$ tilt that lets you set the support surface to your preferred angle. It's just the right size at 300 x 380 mm, big enough for you to comfortably place your feet, yet small enough to easily fit under your desk.

Non-slip Surface and Bottom

The rubberized platform surface prevents your feet from slipping, whether they're in socks, shoes or barefoot. The rubber bottom also keeps the rest firmly in its place and protects your floor from scratches.
