- 2x Cutter template
- 4x M6 Stainless bolt
- 4x M6 Stainless nut
- 4x M6 Stainless washer
- 2x M8 Stainless bolt
- 1x Fitting instructions.

TOOLS REQUIRED

INSTALLATION PROCESS

SE

- 1 Använd bifogade mallar för att markera var grillen ska kapas.
- 2 Kapa stötfångaren enligt markeringarna.
- 3 Montera SMART MOUNT-fästena på ledrampen med de bifogade skruvarna (M8x10).
- 4 Montera rampen och använd baksidan av SMART MOUNT samt de bifogade skruvarna (M6x35mm) för att fästa runt grillen. Skruva åt med handverktyg, Ej med skruvdragare. Montera bifogade täcklock för skruvarna.
- 5 SMART MOUNT är nu monterat.

EN

- 1 Use the attached templates to mark where the grille should be cut.
- 2 Cut the bumper according to the markings.
- 3 Mount the SMART MOUNT brackets onto the lightbar using the included screws (M8x10mm).
- 4 Install the lightbar and use the backside of the SMART MOUNT along with the included screws (M6x35mm) to securely fasten it around the grille. Tighten with hand tools, not with power tools. Install the included cover caps over the screws.
- 5 SMART MOUNT is now mounted.
