

# WIND

## ULTRA SLIM

The WIND RACING jersey is designed for all types of training and offers high breathability, maximum freedom of movement, durability, and protection—without compromise.

The jersey is made from ventilated 4-way stretch fabric across both the torso and sleeves, keeping you cool and flexible during demanding summer enduro sessions.

The extended back panel ensures the jersey stays securely tucked into your pants, while the rounded, soft rib-knitted neckline provides comfort and protection around the neck.

Machine wash at 30 °C. Made from 100% Italian fabrics.
