

FROM THE FOUNDER OF THE #VIKISEWS BRAND

Back in 2016, when I was working on my first set of sewing instructions, I was trying to write them in such a way that even a complete beginner could easily understand and use them to create their very first garment. These instructions laid the foundation for the Vikisews brand, its vision and its mission. I wanted to create modern patterns with the utmost detailed and clear instructions.

Now, with each new collection we are constantly improving our instructions, amending them and adding more relevant details. By the time the final product reaches you, our drafters, correctors, and editors would have spent weeks perfecting every word and every photograph. If you compile a few of our instructions together, you will get a sewing manual that will assist you in sewing all kinds of garments at any difficulty level.

And I would be very happy if these instructions helped you to turn your hobby into a lifelong passion... Enjoy the process! Create your ultimate dream wardrobe! Wear your garments proudly for years to come!

If you have any questions, please contact us at info@vikisews.com — we are always there to help.

PEYTON PATTERN DESCRIPTION

Peyton is a loose-fitting, straight-cut, lined trench coat. The sample trench coat is made of two types of fabric: faux leather and cotton gabardine, but the garment can also be made of one fabric. The bust darts are transferred to the neckline. The front of the coat features welt pockets and a lined storm flap on the left side. The back has a lined yoke shaped with neck darts. There is a vent in the center back seam. The coat has an extended shoulder line and long, loose-fitting, one-piece, shirt sleeves. At the bottom of the sleeve, there is a detachable button tab threaded through loops. The epaulets at the shoulder seams are folded in half, threaded through loops, and secured with buttons. The collar has a separate collar stand that continues into a strap closed with a button. There is a detachable button tab on the collar. Two half belts are sewn into the side seams and joined with buttons at the back. The trench coat closes with buttons and buttonholes at the center front. Peyton is above-ankle length.

SUGGESTED FABRIC

To sew this trench coat, choose suiting fabrics with the following properties:

- medium-weight, pliable, structured, non-stretch or low-stretch
- the fiber content can include natural fibers (cotton), artificial fibers (viscose), blends (cotton + polyester, etc.), and synthetics (polyester, polyester + polyurethane)
- the following fabrics are recommended: cotton gabardine, corduroy, faux leather, faux suede.

Attention! We do not recommend soft, lightweight (raincoat) fabrics.

For the lining, choose lining fabrics made of artificial fibers (viscose), blends (viscose + elastane, viscose + polyester), or synthetics (polyester, polyester + elastane).

The trench coat in the photos is made of faux leather and gabardine. The fabric is medium-weight, pliable, structured, low-stretch.

The fiber content is cotton + polyester (gabardine) and polyester + polyurethane (faux leather).

The lining is 100% viscose.

TOOLS AND EQUIPMENT

- sewing machine for construction
- buttonhole foot for the sewing machine
- edgestitch foot for the sewing machine (optional)
- teflon or walking foot for the sewing machine.

IMPORTANT! Don't forget to transfer all pattern markings and notches onto the fabric.

Attention! If the garment is made of two types of fabric, the pieces marked with * are cut from faux leather. Also from faux leather, cut two strips, 3 cm by 6 cm (1 1/8" by 2 3/8"), that will be used to finish the dart point on the back yoke.

Press the front darts toward the center front, press the back darts toward the shoulder seam.

Press and steam the darts, shrink out the fullness at the dart points on a tailor's ham.

Place the welt pieces right sides together two by two, align the edges, pin along three sides.
