PATTERN DESCRIPTION

Aspen is an oversized trench coat with a straight silhouette. The front features a storm flap on the right side and single welt pockets. The back also has a storm flap with an inverted box pleat, held in place with a removable two-button tab. The raglan sleeves feature an epaulet along the top which passes through a belt loop and fastens with a button and buttonhole. The bottom of the sleeves also has a removable button tab held with belt loops. Aspen has a turn-down collar with a stand and a removable tie belt held with back belt loops. The double-breasted trench fastens with buttons and buttonholes and has a fully closed lining. All the small pieces as well as the collar, flaps, front edge, top sleeve seam, and garment and sleeve hems feature decorative topstitching. Aspen is below-the-knee length.

SUGGESTED FABRIC

To sew this trench coat, choose woven fabrics with the following properties:

- medium weight, strong, breathable, non-stretch
- the fabric content can include natural (cotton, wool, silk), blends (PET + polyester, cotton + polyester, PET + polyamide, etc.), and synthetic fibers (polyester, lyocell)

The following fabrics are recommended: blended raincoat fabrics, heavyweight cotton or silk gabardine, heavyweight wool, denim.

For the lining, we recommend lining fabrics made of artificial fibers (viscose), blends (viscose + elastane, viscose + polyester) and synthetic fibers (polyester, polyester + elastane).

The trench coat in the photo is made of cotton gabardine. This fabric is medium weight and non-stretch. The fiber content is a blend of cotton and polyester. The lining is 100% viscose.

IMPORTANT!

When purchasing fabric, please account for shrinkage and buy 5% more than required.
