

FROM THE FOUNDER OF THE #VIKISEWS BRAND

Back in 2016, when I was working on my first set of sewing instructions, I was trying to write them in such a way that even a complete beginner could easily understand and use them to create their very first garment. These instructions laid the foundation for the Vikisews brand, its vision and its mission. I wanted to create modern patterns with the utmost detailed and clear instructions.

Now, with each new collection we are constantly improving our instructions, amending them and adding more relevant details. By the time the final product reaches you, our drafters, correctors, and editors would have spent weeks perfecting every word and every photograph. If you compile a few of our instructions together, you will get a sewing manual that will assist you in sewing all kinds of garments at any difficulty level.

And I would be very happy if these instructions helped you to turn your hobby into a lifelong passion... Enjoy the process! Create your ultimate dream wardrobe! Wear your garments proudly for years to come!

If you have any questions, please contact us at info@vikisews.com — we are always there to help.

SUGGESTED FABRIC

To sew this garment, choose soft, medium weight knit fabrics that are medium to high stretch. The fiber content can include natural fibers, artificial fibers, blends, and synthetics.

The following fabrics are recommended: sweater knits, knits, ribbed knits. The stretch factor should be at least 1.7.

Attention! We recommend using only stretchy fabrics for this garment.

You can determine the stretch factor of the fabric yourself. Mark 10 cm (4") along the crosswise grain of the fabric, lay a ruler next to the marked section, and stretch the fabric. Divide the measurement you get by 10.

The garment in the photo is made of knit fabric. The fabric is medium weight, soft, and medium stretch. The fiber content is a blend of viscose, polyester, and elastane. The fabric weight is 170 g/m².

The stretch factor is 1.7.

3. Matching thread — 5 spools (1 spool for the sewing machine + 4 spools for the overlocker / 3 spools for the coverstitch machine).

TOOLS AND EQUIPMENT

- sewing machine for construction
- overlocker for construction and finishing raw edges. This may be replaced with a stretch overlock stitch or a zigzag stitch on the sewing machine (overlock or zigzag stitch width 2–3 mm, stitch length 2.5 mm)
- coverstitch or coverlock machine for finishing the bottom edges of the garment and sleeves. If you don't have a coverstitch machine, it can be replaced with a twin needle on any regular sewing machine that can do a zigzag stitch

IMPORTANT! We recommend using specialty needles when working with knit fabrics (for example, *STRETCH*, *SUPER STRETCH*, *JERSEY*, etc.). When sewing, a ball-shaped needle point pushes the knit loops apart without piercing the threads.

PATTERN PIECES LIST

From main fabric:

- front — cut 1 on fold
- back — cut 1 on fold
- sleeve — cut 2
- collar — cut 2.

***IMPORTANT!** Don't forget to transfer all pattern markings and notches onto the fabric.*

SEAM ALLOWANCES

All pattern pieces include seam allowances as follows:

- garment hem allowance at the front — 2 cm (3/4")
- garment hem allowance at the back — 2 cm (3/4")
- sleeve hem allowance — 2 cm (3/4")
- all other edges — 1 cm (3/8").

Take this into account when laying out pattern pieces on the fabric.

CUTTING LAYOUT (DRESS VERSION)

Main fabric, 150 cm (59") wide, with a directional print/nap, cut with two folds, for sizes 34–36 in all heights

Attention! The collar pieces are cut on a single layer out of leftover fabric.

Sew a row of gathering stitches between the notches along the side edges of the front piece. Do not backstitch, and leave long thread tails at the ends of the seam instead.

Pull on the lower (bobbin) thread to gather the side seam edge to the length marked on the pattern. Steam-press the gathering to shrink out the fullness.

Place the front and back pieces right sides together. Align the side edges, match the notches, and pin.
