

FROM THE FOUNDER OF THE #VIKISEWS BRAND

Back in 2016, when I was working on my first set of sewing instructions, I was trying to write them in such a way that even a complete beginner could easily understand and use them to create their very first garment. These instructions laid the foundation for the Vikisews brand, its vision and its mission. I wanted to create modern patterns with the utmost detailed and clear instructions.

Now, with each new collection we are constantly improving our instructions, amending them and adding more relevant details. By the time the final product reaches you, our drafters, correctors, and editors would have spent weeks perfecting every word and every photograph. If you compile a few of our instructions together, you will get a sewing manual that will assist you in sewing all kinds of garments at any difficulty level.

And I would be very happy if these instructions helped you to turn your hobby into a lifelong passion... Enjoy the process! Create your ultimate dream wardrobe! Wear your garments proudly for years to come!

If you have any questions, please contact us at info@vikisews.com — we are always there to help.

MYRCELLA PATTERN DESCRIPTION

Myrcella is a semi-fitted dress with an accentuated waist and a free-hanging lining. The silhouette is achieved through a bias-cut design and a center back seam. The fully lined front yoke features bust darts transferred into gathering. The dress has adjustable straps and a shaped underbust seam. The back neckline is deep. Myrcella is ankle-length.

SUGGESTED FABRIC

To sew this dress, choose medium-weight, soft, non-stretch or low-stretch dress-weight fabrics made of natural fibers, artificial fibers, blends, or synthetics.

The following fabrics are recommended: sateen, natural silk, artificial silk, challis.

The lining fabric should have the same properties as the main fabric. If possible, use the same fabric for the outer shell and lining, as even a slight difference in fabric properties can cause distortion of the garment shape.

The dress in the photo is made of artificial silk. The fabric is soft and flexible. The fiber content is 60% viscose, 35% polyester, and 5% elastane. The fabric weight is 150 g/m². The lining is made of the main fabric.
