

FROM THE FOUNDER OF THE #VIKISEWS BRAND

Back in 2016, when I was working on my first set of sewing instructions, I was trying to write them in such a way that even a complete beginner could easily understand and use them to create their very first garment. These instructions laid the foundation for the Vikisews brand, its vision and its mission. I wanted to create modern patterns with the utmost detailed and clear instructions.

Now, with each new collection we are constantly improving our instructions, amending them and adding more relevant details. By the time the final product reaches you, our drafters, correctors, and editors would have spent weeks perfecting every word and every photograph. If you compile a few of our instructions together, you will get a sewing manual that will assist you in sewing all kinds of garments at any difficulty level.

And I would be very happy if these instructions helped you to turn your hobby into a lifelong passion... Enjoy the process! Create your ultimate dream wardrobe! Wear your garments proudly for years to come!

If you have any questions, please contact us at info@vikisews.com — we are always there to help.

ROSANNA PATTERN DESCRIPTION

Rosanna is a close-fitting evening gown. This lingerie-inspired corset dress features bust cups and adjustable spaghetti straps. The front and back are shaped with princess and center seams. All bodice seams are reinforced with rigilene boning. The dress is made of two fabric types. The outer layer is made of tulle and is ruched along all the edges, while the inner double layer is made of mesh. An asymmetric, free-hanging, ruched overlay is attached along the side seam. The dress is lined with mesh and closes with an invisible zipper in the center back seam. Rosanna is above-knee length.

SUGGESTED FABRIC

To sew this dress, choose knit fabrics with the following properties:

- medium-weight, pliable, soft, stretchy, sheer
- the fiber content can include artificial fibers (viscose), blends (viscose + polyester, etc.), and synthetics (nylon, polyester, polyester + elastane)
- the following fabrics are recommended: tulle, stretch mesh.

Attention! We do not recommend lightweight sheer fabrics (chiffon, organza) and non-stretch fabrics.

For the inner layer and lining, we recommend using medium-weight, soft, pliable mesh with small holes. Choose fabrics made of synthetic fibers (polyester + elastane).

The dress in the photo is made of tulle. The fabric is medium-weight, pliable, soft, stretchy, and sheer. The fiber content is 100% nylon.

The inner (double) layer and lining are made of stretch mesh. The fabric is medium-weight, pliable, soft, and stretchy. The fiber content is 100% polyester.

4 (5'10"-6'1")	1/2	5/8

IMPORTANT! The additional fabric is only used to make the underwire casings and straps if no ready-made channeling and bra straps are available.

IMPORTANT! When purchasing fabric, please account for shrinkage and buy 5% more than required.

4. Lightweight knit or woven interfacing, 140 cm (55") wide, for all heights:

- 0.25 m (1/4 yd) for sizes 34–42
- 0.3 m (3/8 yd) for sizes 44–50
- 0.35 m (3/8 yd) for size 52

IMPORTANT! The interfacing is only used to fuse the underwire casings. If ready-made channeling is used, the interfacing is not required.

5. Stiff plastic rigilene boning, 5–7 mm wide, in meters:

8. One pair of bra cups (in the necessary size)

9. One pair of bra underwires (in the necessary size)

10. One pair of ready-made bra straps (optional; these can be replaced with straps cut out and sewn of satin) or one set of bra strap accessories:

- Two sliders
- Two rings

11. Underwire channeling for all sizes and heights — 0.5 m [1/2 yd] (optional; this can be replaced with an underwire casing piece cut out and sewn of satin)

12. Matching thread — 1 spool for the sewing machine

TOOLS AND EQUIPMENT

- sewing machine for construction
- stitch-in-the-ditch foot for the sewing machine (optional)
- invisible zipper foot for the sewing machine
- one-sided foot for the sewing machine
- lighter or matches for melting the rigilene boning

PATTERN PIECES LIST

1. From main fabric (outer tulle layer):

- center front overlay — cut 2
- side front overlay — cut 2
- cup overlay — cut 2
- center back overlay — cut 2
- side back overlay — cut 2
- decorative overlay — cut 1

Drafting the decorative overlay:

1. Measure and mark AB from point A, parallel to the selvedge.
2. Draw perpendicular line AC from point A to the right and perpendicular line BF from point B to the right.
3. Draw perpendicular line CD down from point C and perpendicular line FE up from point F.
4. Connect D and E with a straight line. Measure 4 cm (1 5/8") to the inside of the piece and draw a seam allowance along the top and bottom edges of the overlay.
5. Measure AA1 down from point A. Measure DD1 down from point D. Connect A1 and D1 with a straight line.

IMPORTANT! The decorative overlay piece should be cut according to the following diagram:

The lines shown in the diagram:

- AB — bottom edge of the overlay
- AD — right-hand side edge of the overlay
- A1D1 — left-hand side edge of the overlay
- DE — top edge of the overlay
- BE — free-hanging part of the overlay

The section lengths are specified in the tables below for each size:
