Located in a protected pine woodland, 30 minutes from central Lisboa, south of river Tagus and near to the beach. Aroeira’s mild climate allows playing golf along all year. Aroeira I was designed by Architect Frank Pennink in 1973 with a beautiful tree-lined course adorned by 5 lakes.

The course has 6044 meters long and a par 72. Apart from the quality of two 18 holes championship golf courses, Aroeira offers self catering apartments for rent, a tropical swimming pool, tennis courts and a shopping area with restaurant, supermarket among other shops.
Set in a pine wood with several lakes and benefiting from a microclimate that allows you to play golf all year round, Aroeira II Golf Course offers players of all levels a stimulating and diversified challenge. Aroeira’s second 18 hole Golf Course, Aroeira II opened in April 2000. Its architect, Donald Steel, took the European Tour recommendations and designed a course with future Portuguese Opens in mind. The 18 long greens surrounded by 5 lakes and the various tees for each hole mean it can be played of all levels. For a number of years it has hosted the Qualifying School of Ladies European Tour and several Portuguese Ladies Opens.
The Montado Hotel & Golf Resort is a perfect destination to enjoy the best of the region and to get out of the routine. With 90 rooms and 3 suites, all with balcony, stands out the golf course that has been hosted the most important competitions in Portugal, famous for the green of hole 18 located on an island.

It also features 2 meeting rooms with natural light and full equipped, a restaurant with panoramic view and capacity for 140 people, bar with terrace, Spa, gym and free parking. A privileged place for business events, meetings, congresses and team building, or to celebrate a special date, such as a wedding, an anniversary or a baptism. Located at the Costa Azul, a region famous for its wines, nature, traditional flavours and magnificent beaches.
With the Arrábida mountains as its backdrop, the Quinta do Peru golf course offers amateurs a pleasant game, whilst also presenting a challenge for professionals. Since 1999 Quinta do Peru Golf Course is on the ranking of the Top 100 Courses in Continental Europe, promoted by the prestigious magazine, Golf World. With its many trees and wild flowers, the course provides a varied start, for the first three holes consist of a par 5, a 386-metre par 4 and a 186-metre par 3. Amongst the first nine holes, attention is drawn to the short eighth hole, with a lake in front of its green. The next nine holes are even more difficult. Number 12 is a par 4 which, although not very long, has a lake running beside the fairway and down to the green. Then comes what is probably the most difficult test on the course: hole 16, a 200-metre par 3, where one needs to play over a lake to reach the green. The course’s recognised quality has led to its hosting several events from the European Challenge Tour.
Tróia Golf Championship Course is located on the Tróia Peninsula, a long a flat and sandy stretch of land across the Sado Estuary, which separates the Setúbal lagoon from the Atlantic Ocean, with the dramatic backdrop of the Arrábida mountain range.

This gem of a course was ranked #17 amongst Europe’s Top 100 Courses by British magazine “Golf World”.

The American golf architect Robert Trent Jones Senior achieved a real masterpiece of golf course design at Tróia, creating a true championship layout and providing a genuine test of skill for the lowers handicap golfer together with enjoyment for the more modest player.

In 2008 while the golf course was being refurbished, a new Clubhouse was built. Planned by the architect João Paciência, the Clubhouse offers you the chance to savour a delicious meal overlooking the lake in perfect harmony with the surrounding landscape.
This is one of the two courses that goes to make up this sprawling resort lying in a pretty forest 45 minutes outside of Lisboa. With E.G.D., Peter Townsend designed this dearly as championship course. With a total length of 7,370 yards still an easy course to walk, despite the beautifully sloping terrain and dales lined with magnificent cork oak-trees. Having said that, the large number of tee boxes makes this a course where most golfers, might card a flattering score, because the greens are huge with only a few contours. It can be tougher for the long-hitters, because while they can get rip at leisure they need to be a careful with narrow fairway, some rather large bunkers and a few water hazards the threaten the shot; on the 14th, you will need to know just how far you can hit it to make that short-cut.
The design of this course was assigned to another former European Tour player, Michael King, again under the expert supervision of European Golf Design. This is again the same type of environment with a lot of cork oak-trees, and while the style is more British than American (like Ribagolfe I), there is still a certain feeling of uniformity, maybe due primarily to the type of vegetation. This course is intended more for members, which explains why the yardage and the width of the fairways are much more reasonable. The greens are pretty huge and moderately contoured. Water hazards are in play only in two holes, which again adds to the cool comfort of a peaceful day spent golfing with friends. Other hazards like little dales threaten the tee shot on the par 3 holes and add a little spice. A serious piece of golf with excellent green-keeping to match.
Lying just 30 minutes north of Lisbon, CampoReal Golf enjoys a wonderful tranquil location.

It’s a challenging par-72, 18-hole course that runs through the hills. Blind shots, steep inclines and wooded valleys create a series of obstacles that will make playing this course unlike any other you’ve encountered.
Guardian Bom Sucesso Golf

Bom Sucesso Resort is a unique project conceived in detail by 23 internationally renowned architects such as Souto Moura or Siza Vieira. Located on the banks of Óbidos Lagoon, near the Historic town of Óbidos and at 80km distance away from Lisbon, this is a place of authentic beauty developed in an area of about 160 hectares. Designed by one of the most prestigious golf architects in the world, Donald Steel, Guardian Bom Sucesso Golf, an 18-hole championship golf course, par-72, offers astonishing views of the natural landscape. Built over a 60 hectares area and having a parkland layout, this course offers well-designed greens and strategically placed bunkers that demand an active game strategy. The hole 17 is a spectacular par-5 and is the signature-hole: here one will have a magnificent view to the Lagoon and Ocean, and it is where one will find the most difficult exit shot of the course.
The first hole, a generous right-handed dogleg, heads north, setting up a spectacular combination of holes overlooking the lagoon (Lagoa de Óbidos). The feature hole of the front nine is the 3rd, a 144m Par 3 off the yellow tees to an island green, with the stunning Óbidos lagoon in the background. The second nine holes overlook the Atlantic Ocean. Six of the holes meander between an intricate ecosystem of lakes interconnected by cascading streams. The highlight of the back nine is the 18th, a 490m Par 5 off the yellow tees, with a panoramic over the back nine, the Clubhouse and the ocean beyond.

The Clubhouse offers a restaurant with a variety of menus available, one bar, lounge, pro-shop and bags storage area. Sitting out on the generous terrace, visitors can enjoy spectacular views of the golf course and the cascading lakes and streams, “and some genuinely beautiful sunsets” over the Atlantic Ocean.
Less than an hour away from Lisbon, West Cliffs golf course was designed by Cynthia Dye ASGCA, member of the world-famous golf course design atelier Dye Designs Group. With excellent views over the sea in all the holes, Par 72 is placed in a 200 ha area by the sea amidst the dunes and the coastline vegetation.

West Cliffs the 1st Dye golf course in Portugal and the 4th in Europe and it will surely be one of the most famous golf projects in the world.

Cynthia Dye, nephew of the renowned architect Pete Dye said: “Offering views over the Atlantic in all holes, West Cliffs is one of the most natural golf courses I can ever think of. Its location is superb. We only hat to model a little to place the greens, according to the limits of the grass-covered area.

The golf course was already waiting for us.”
