

Certificate

Certificate number: 2015-015

Certified by EY CertifyPoint since: October 1, 2015

Based on certification examination in conformity with defined requirements in ISO/IEC 17021-1:2015 and ISO/IEC 27006:2015, the Information Security Management System as defined and implemented by

Amazon Web Services, Inc.*

located in Seattle, Washington, United States of America, is compliant with the requirements as stated in the standard:

ISO/IEC 27017:2015

Issue date of certificate: October 1, 2015

Re-issue date of certificate: December 15, 2017

Expiration date of certificate: November 7, 2019

EY CertifyPoint will, according to the certification agreement dated November 9, 2016, perform surveillance audits and acknowledge the certificate until the expiration date of this certificate or the expiration of the related ISMS certificate with number [2013-009].

**The certification is applicable for the assets, services and locations as described in the scoping section on the back of this certificate, with regard to the specific requirements for information security as stated in the Statement of Applicability, version 2017.01, dated November 20, 2017.*

A handwritten signature in blue ink, appearing to read 'J. Sehgal', with a stylized flourish at the end.

Drs. J. Sehgal RE | Director, EY CertifyPoint

Amazon Web Services, Inc.

Scope for certificate 2015-015

The scope of this ISO 27017:2015 Certification is bounded by specified services of Amazon Web Services, Inc. and specified facilities. The ISMS is centrally managed out Amazon Web Services, Inc. headquarters in Seattle, Washington, United States of America.
