LakeComo Institute

Innovative and Minimally Invasive Trends in Lateral/Crestal Sinus Elevation and Adjunctive Vertical/Horizontal Bone Regeneration and Soft Tissue Management

July 2-3, 2026

COMO | LAKECOMOINSTITUTE

PROF. **TIZIANO TESTORI**

osteocom
The dental learning platform

COURSE OVERVIEW

A unique, comprehensive experience with theoretical insights and 2 workshops designed to teach the latest techniques in maxillary sinus surgery.

WHAT YOU'LL LEARN:

- **Advanced Diagnostic Protocols:** The new Digital Sinus Planning (DSP) protocol will assist you in making accurate diagnoses, identifying contraindications for elevation, and planning 3D vertical and/or horizontal augmentations.
- **New Surgical Approaches:** Master periodontal flaps without vertical releasing incisions for the resolution of adjacent periodontal issues in a single procedure.
- **New Flap Designs:** Delve into new periodontal flaps (Buccally Displaced Palatal flap) during implant uncovering or when implants are placed with exposed healing abutments (two-stage vs one-stage implant placement). These flaps increase attached keratinized tissue on the buccal side and restore the correct depth of the fornix, facilitating oral hygiene and ensuring implant longevity.
- **2 New Antrostomy Designs:** Including the Simplified Antrostomy Design (S.A.D. technique) to optimize the maxillary sinus elevation process.
- **Practical Workshops:** Gain hands-on skills with meticulously crafted anatomical models, using DICOM images of real patients.
- **First hands-on session:** lateral approach, piezoelectric technique
- **Second hands-on session:** crestal approach, Osseodensification technique (a biomechanical bone instrumentation method that allows for predictable site preparation while simultaneously minimizing the risk of perforation).

In conclusion, you'll discover how advancements in surgical technique have significantly reduced intraoperative complications, improving outcomes for patients.

COURSE OBJECTIVES:

By the end of the course, you will be able to:

- Understand surgical anatomy to work safely and prevent common complications
- Perform correct preoperative planning (Digital Sinus Planning Protocol - DSP)
- Manage lateral and crestal surgical procedures step by step
- Treat post-op complications following a specific decision-making algorithm

A unique, high-value opportunity that will enable you to become a leading clinician in lateral and crestal maxillary sinus surgery.

BUT THAT'S NOT ALL!

EXTRA BENEFITS, EXCLUSIVE WITH OSTEOCOM

BY REGISTERING, YOU'LL HAVE ACCESS TO:

EXTRA BENEFIT 1:

Lifetime access to
Simplified antrostomy design in sinus surgery

Relive the emotions of the first international LIVE streaming surgery by Prof. Tiziano Testori. A new approach to antrostomy design to simplify membrane detachment and lifting in sinus floor augmentation.

- **3 hours of clinical videos**

EXTRA BENEFIT 2:

Lifetime access to
Testori Masteclass: Maxillary Sinus Surgery

This unique video course distills over 30 years of clinical experience and research in maxillary sinus elevation, guiding you in performing sinus lifts from diagnosis and case selection to complication management.

- **13 hours**
- **12 theoretical lessons**
- **2 clinical videos**

All this will be yours, included in the enrollment fee

PROGRAMME

DATE
July 2-3, 2026

LEVEL
Advanced

JULY 2, 2026

- **09.00 – 10.30 Maxillary sinus physiology, contraindications to sinus lift, radiological evaluation and maxillary atrophy classification**
- **10.30 – 11.00** Coffee break
- **11.00 – 13.00 Surgical procedure: Lateral approach with video session**
- **13.00 – 14.00** Lunch
- **14.00 – 16.00 Surgical procedure: Crestal approach with video session**
- **16.00 – 16.30** Coffee break
- **16.30 – 18.00 Diagnosis and management of sinus complications:** clinical algorithm
- **18.00 – 18.30 Discussion**

JULY 3, 2026

- **09.00 – 12.30 HANDS-ON SESSION: LATERAL APPROACH, PIEZOELECTRIC TECHNIQUE**
- **12.30 – 13.30** Lunch
- **13.30 – 17.00 HANDS-ON SESSION: CRESTAL APPROACH**
- **17.00 – 17.30 Interactive discussion and end of the course**

WHO YOU'LL LEARN WITH

PROF. **TIZIANO TESTORI**

Prof. Testori graduated in Medicine and Surgery from the University of Milan (1981) and specialized at the same university in Dentistry (1984) and Orthodontics (1986).

Fellowship in Oral and Implant Surgery at the Department of Maxillofacial Surgery and Implant Dentistry at the University of Miami, (Miami, FL, USA).

Head of the Section of Implant Dentistry and Oral Rehabilitation, I.R.C.C.S. Galeazzi Orthopedic Institute in Milan, Italy.

Assistant Clinical Professor in the Degree Course in Dentistry and Dental Prosthesis at the Department of Biomedical, Surgical and Dental Science at the University of Milan, Italy.

Adjunct Clinical Associate Professor at the Department of Periodontics and Oral Medicine of the School of Dentistry at the University of Michigan, USA.

Visiting Assistant Professor at the Department of Oral Medicine, Infection, and Immunity of the School of Dental Medicine at Harvard University (Boston, MA, USA).

He is Lecturer in various Courses and Master's Programs at different Universities and the author of over 110 peer-reviewed publications indexed in Pub Med.

NETWORKING

An unmissable opportunity to expand your professional network, meet experienced colleagues, exchange ideas, and build lasting relationships that could open new doors for your career.

COMO

Nestled on the shores of the eponymous Lake, the city of Como tells a millennia-old history of elegance and charm.

Its narrow cobbled streets wind among ancient palaces and captivating squares, and its natural beauties are equally extraordinary: from the lake waters surrounded by the Prealps to the lush gardens and well-maintained parks.

But Como is also renowned for its culinary culture, blending traditional dishes of Lombard cuisine with fresh fish specialties.

A unique opportunity to combine business with pleasure and discover the wonders of this city.

RECOMMENDED/ AFFILIATED HOTELS:

PALACE HOTEL: Lungo Lario Trieste, 16, 22100 Como. Tel: +39 031 23391 When making your reservation, mention the **"Testori - Istituto Lago di Como"** Course to receive a discount.

HOTEL METROPOL & SUISSE: Piazza Cavour, 19, 22100 Como. Tel: +39 031 269444

REGISTRATION

Group Registration Discounts:
2 registrations: -5%
3 to 5 registrations: -10%

The course will be confirmed upon reaching a minimum of 20 registrations.

The registration fee includes:

- Attendance to all scientific sessions
- Congress kit
- Attendance certificate
- Coffee-breaks (2 for each day, one in the morning, one in the afternoon)
- Lunches
- Hands-on with crafted anatomical models
- Selected on-demand videos available on osteocom's platform

Refund of the course fee:
30 days or more before the start of the course: 100% refund - 29/15 days before the start of the course: a) If enrolling in new course, 75% refund - b) In case of cancellation, 50% refund 14/0 days before the start of the course: a) If enrolling in new course, 25% refund b) In case of cancellation or non-participation, no refund

In case of cancellation of the course by the organization, 100% will be refunded or kept for a new course.Refunds, if due, will be issued within 30 days of the cancellation request to be sent to administration@osteocom.me
