EXTENSION OF WASC ACCREDITATION

**Accrediting Commission for Schools
Western Association of Schools and Colleges**

May 12, 2026

Abdalla Hazaimah, Executive Director
International School of Medical Science and Engineering
P.O. Box 7582
Doha,
Qatar

Dear Abdalla Hazaimah:

At the Accrediting Commission for Schools, Western Association of Schools and Colleges (ACS WASC) April 2026 Spring meeting, action was taken to extend the accreditation for International School of Medical Science and Engineering (5-12) through June 30, 2027.

Accreditation status is conditioned upon International School of Medical Science and Engineering's continued adherence with the ACS WASC policies, procedures, and criteria for accreditation. This includes a requirement that an accredited school annually contribute members to participate on visiting committees. Failure to maintain compliance with said policies, procedures, and standards is grounds for modification and/or withdrawal of the accreditation.

The Commission looks forward to International School of Medical Science and Engineering's anticipated success and continuing improvement in keeping with ACS WASC's pursuit of excellence in elementary, secondary, and adult education.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Barry R. Groves'.

Barry R. Groves, Ed.D.
President

We are proud to announce the extension of ISME's Western Association of Schools and Colleges accreditation (WASC) through the 2026–2027 academic year, reflecting the school's continued commitment to excellence, continuous improvement, and high-quality education.
