ISME SCI-TECH FAIR 2026

The ISME Sci-Tech Fair 2026 showcased students' creativity, innovation, and passion for science and technology through a variety of interactive projects, experiments, and presentations. The event highlighted students' critical thinking, collaboration, and problem-solving skills in an engaging and inspiring learning environment.

LITERACY WEEK CELEBRATION

The English and Social Studies Departments successfully organized Literacy Week, featuring a variety of engaging activities that promoted reading, creativity, communication, and a love for learning across the school community.

TECH VS. LITERACY PRESENTATION

Students participated in an engaging Tech vs. Literacy presentation that explored the role of technology and AI in literacy and learning. The session also featured an interactive debate, encouraging students to think critically, share perspectives, and reflect on the impact of technology on reading and communication skills.

BOOK CHARACTER DAY

Book Character Day brought stories to life as students and staff dressed up as their favorite literary characters, celebrating creativity, imagination, and a love for reading as part of Literacy Week activities.

CELEBRATING THE BLESSED DAYS OF DHUL HIJJAH WITH TAKBEERAT AL EID

The Arabic and Islamic Department organized a special celebration for the blessed first ten days of Dhul Hijjah with Takbeerat Al Eid, creating a joyful and spiritual atmosphere that reflected the values and traditions of this special occasion.
