Happy 15th Anniversary to DeBakey, Qatar!!

We began the school's 15-year anniversary with a visit from the American Ambassador to Qatar presenting his leadership journey to students in the Learn to Lead program.

Our Legacy

Dr. Michael E. DeBakey, our school's namesake, was more than just a great doctor and surgeon. He was also a humanitarian, teacher, army officer, innovator, inventor, and global citizen. His legacy lives on through every student who follows in his footsteps.

ENGINEERING TRACK TRIP TO TEXAS A&M LABS

Twelve engineering students had an educational field trip to visit the labs at Texas A& M University, at Qatar Foundation on January 18, 2023

Science Fair

Lower School students participated in groups to showcase their science projects during the science fair organized by the science department

DeBakey's Core Value of the Month - "RESPECT"

High School students created PowerPoint presentations to enlighten and encourage others to emulate this month's Core Value - **Respect**.

Economics & government
Economic and government students created an interactive app to highlight RESPECT as a principle of good government.

Akhlaquna Workshop
Follow up meeting regarding Akhlaquna competition to see their improvement in their projects

Message from the President

I am so proud of the DeBakey team who over the last 14 years has created an educational environment that produces some of the best minds and student skill sets in the world. As we enter our 15th year in Qatar, our students celebrate the legacy of Dr. Michael E. DeBakey and demonstrate our Core Values (Respect, Responsibility, Compassion, and Trust) in everything they do to become the next generation of global citizens and trailblazers. We are developing pathways that will make Qatar's Vision 2030 a reality!
