

ALUMNI BENEFITS TERMS & CONDITIONS

1. These terms and conditions are in addition to the short course terms and conditions which form part of your booking and can be viewed as part of your online booking process, and in the relevant course brochures online.
2. Alumni of West Dean College of Arts and Conservation are defined as those students who attended an award-bearing Higher Education programme of study.
3. The alumni short course 10% discount is valid for courses undertaken within two years of graduating from the College. Graduates must use code ALU010 during online or phone booking. The discount applies to the course cost only, not to accommodation or those materials that are not included in the course fee.
4. When alumni make a short course booking using the discount code, the booking will then be verified against the College's Alumni database.
5. The discount cannot be used with any other discount. It is not transferable and applies only to the alumnus's place on a course.
6. Alumni may use the discount for up to four short courses per calendar year.
7. Offer excludes FDAD Alumni Study Day courses, and any 'extended courses' such as the modular West Dean Foundation Diploma or West Dean Certificate courses.
8. Access to the College Library is available for up to two years after graduation, for research purposes (not borrowing) and by advance appointment with the Librarian.
9. The College reserves the right to change or withdraw these benefits at any time.
