

RISK ASSESSMENT

Threat:	Covid-19	Controlled by:	Business Continuity Group
Scope:	All Academy premises	Risk assessor:	Health and Safety Manager/Head of Estates
	4 January 2021	Review Date:	28 February 2021

We have a dedicated team managing the Academy's response to the Covid-19 pandemic and we will always adhere to current government guidelines.

This risk assessment has been produced by the Business Continuity Group, and it records additions or enhancements to existing risk management controls required to prevent the spread of Covid-19. It covers Phase 2 of the Academy's Return to Work Plan. It runs from September 2020 onwards. More details are available in the Phase 2 guidance.

This Risk Assessment specifically covers the period from January 2021 where the main Academy premises is only open for limited student solo practice.

<i>What are the hazards and who might be harmed?</i>	<i>What are we already doing?</i>	<i>What further action is necessary?</i>
<p>Biological hazard – spread of coronavirus – contact with the contaminated surfaces may result in infection and illness to those exposed.</p> <ul style="list-style-type: none"> ▪ Staff ▪ BAME staff and students ▪ Pregnant workers ▪ Staff with existing underlying health conditions ▪ Students ▪ Students with existing underlying health conditions 	<p>Routine maintenance</p> <p>Systems brought back into full operation and statutory checks carried out.</p> <ul style="list-style-type: none"> ▪ Hot- and cold-water service systems ▪ Heating, ventilation, and air-conditioning systems ▪ Fire safety and emergency lighting systems ▪ Gas safety systems <p>Cleaning</p> <ul style="list-style-type: none"> ▪ Deep clean prior to reopening completed 	

What are the hazards and who might be harmed?

What are we already doing?

What further action is necessary?

- Cleaners
- Contractors
- Visitors
- Delivery drivers
- Anyone else who physically interacts with the Academy

- Daily cleaning, including cleaning and disinfection of high-touch objects and surfaces such as door handles, light switches, handrails etc
- Regularly review cleaning standards and update schedules as required

Testing

Testing for students and staff is available at UoL Asymptomatic Testing Site (ATS) at Student Central, Malet St, Bloomsbury, London WC1E 7HY

- Students should be tested or self-isolate for 10 days before returning to face-to-face teaching in the Spring Term
- Staff should be tested
- Cleaning and catering contractors – see below

Reception

- Reception is managed so that social distancing is maintained, and reception staff are protected
- System to ensure all visitors to the Academy are aware of controls within building
- Perspex screens installed at the reception area
- Hand-sanitising points set up in the reception area. A supply of hand sanitiser and waste bins provided

<i>What are the hazards and who might be harmed?</i>	<i>What are we already doing?</i>	<i>What further action is necessary?</i>
	<ul style="list-style-type: none"> ▪ Disposal of all contaminated waste every four weeks ▪ Personnel handling mail and parcels to wear face coverings and gloves to receive parcels, mail and other deliveries 	
	<p>Workspace</p> <ul style="list-style-type: none"> ▪ Staff and visitors to the Academy are required maintain a distance of two metres during the working day ▪ Those staff who can work from home are required to continue to do so or to adjust part-time hours to accommodate available space ▪ Fire doors fitted with standalone sound-activated door closers, to allow doors to remain open and minimise continual contact ▪ Sharing of equipment is discouraged ▪ Staff should be provided with access to sanitising wipes to clean their desktops, chair arms and controls, telephones and computer keyboards and mice 	<ul style="list-style-type: none"> ▪ Rearrange office layout or plan work to ensure that a two-metre separation is maintained where required during the working day ▪ Work rotas and start finish times may need to be amended to ensure that maximum numbers are not exceeded during the day

<i>What are the hazards and who might be harmed?</i>	<i>What are we already doing?</i>	<i>What further action is necessary?</i>
	<p>Classrooms</p> <ul style="list-style-type: none"> ▪ Students and teachers are required to maintain a distance of two metres ▪ Course module documentation is required to be supplied electronically where possible ▪ Gloves are required to worn during the setting up of classrooms and the exchange of any paperwork ▪ Classroom desks are arranged to ensure two-metre social distancing throughout. Maximum room number information supplied to those planning classes 	
<p>Biological hazard – spread of coronavirus – contact with the contaminated surfaces may result in infection and illness to those exposed. Shared instruments will be subject to cross-contamination by each user.</p> <ul style="list-style-type: none"> ▪ Staff ▪ Students ▪ Cleaners 	<p>Practical exercises</p> <ul style="list-style-type: none"> ▪ Students and teachers are required to stay two metres apart during any practical demonstrations or exercises ▪ Students using practice rooms are required to follow the guidance for each room on the number of occupants, up to a maximum of three ▪ Students are required to wash or sanitise their hands before each use of shared instruments

temperature, or loss of taste/smell –they are required to leave the premises immediately, self-isolate and take a test

- Line managers are required to maintain regular contact with staff members during this time
- Internal communication channels and cascading of messages are required to be carried out regularly to reassure and support employees in a fast-changing situation
- Line managers are required to offer support to staff who are affected by coronavirus or have a family member affected
- If advised that a member of staff or student who was recently on our premises develops Covid-19, the case will be logged and reported daily to the Office for Students. In the event of an Outbreak (according to our Outbreak Plan), BCG will contact the NHS and PHE and take advice on any actions or precautions that should be taken

<i>What are the hazards and who might be harmed?</i>	<i>What are we already doing?</i>	<i>What further action is necessary?</i>
<p>Biological hazard – spread of coronavirus – contact with other people via ensemble activities may result in infection and illness to those exposed.</p> <ul style="list-style-type: none"> ▪ Staff ▪ Students 	<ul style="list-style-type: none"> ▪ From September 2020, Phase 2, guidance outlining specific actions is being followed 	<ul style="list-style-type: none"> ▪
	<p>Emergency procedures</p> <ul style="list-style-type: none"> ▪ Emergency procedures such as fire evacuation need to remain in place during any phased return to work. The arrangements made or required to be followed may be affected by added controls in place to prevent the spread of Covid-19 ▪ Students and employees are required to self-evacuate upon hearing the alarm and await further instructions once at the assembly point ▪ All users of the building are required to maintain social distancing as much as possible ▪ Lower occupancy levels mean lower risk. Sufficient First Aiders and Fire Marshals are available within each building ▪ A record of anyone being sent home with Covid-19 symptoms is required to be made using the Accident Book; including 	<ul style="list-style-type: none"> ▪

What are the hazards and who might be harmed?	What are we already doing?	What further action is necessary?
	<p>a record of all staff and students who may have come into contact with the affected person prior to isolation</p> <ul style="list-style-type: none"> ▪ The record must be left for the Health and Safety Manager ▪ Review emergency plans for Phase 2 each term 	
<p>Biological hazard – spread of coronavirus – contact with other people may result in infection and illness to those exposed.</p> <ul style="list-style-type: none"> ▪ Utilities staff ▪ Royal Mail staff ▪ General contractors’ staff ▪ Catering contractors ▪ Cleaning contractors 	<ul style="list-style-type: none"> ▪ There may be visits made to the Academy by staff working for the utilities (gas or electricity) etc to carry out maintenance, read meters, deliver post, or to carry out cleaning ▪ All utility and property service companies have their own Covid-19 operating policies in place for the protection of their staff and the protection of others ▪ Arrangements for postal deliveries and collections are done via the General Office 	<ul style="list-style-type: none"> ▪ Testing or evidence of testing to be provided for/by catering and cleaning contractors
<p>Biological hazard – travelling to and from the Academy Trains, buses, trams, taxis, and the underground present an increased risk of infection from fellow passengers and from uncleaned high-touch surfaces.</p>	<p>Public transport</p> <ul style="list-style-type: none"> ▪ Ensure as many staff and students as practicable remain working from home ▪ TfL travel safely advice provided to staff where public transport travel is unavoidable 	

<i>What are the hazards and who might be harmed?</i>	<i>What are we already doing?</i>	<i>What further action is necessary?</i>
<p>Both methods of transmission (airborne droplets and contact contamination) will potentially be continual. Carriers can be asymptomatic, further increasing the potential for infection.</p> <ul style="list-style-type: none"> ▪ Staff ▪ Students ▪ Contractors <p>Walking or cycling to work presents a lower risk of infection if correct social distancing can be maintained.</p>	<p>Walking or cycling</p> <ul style="list-style-type: none"> ▪ Ensure as many staff and students as practicable remain working from home ▪ Advice provided to staff on social distancing when walking or cycling to work 	
<p>Work-related stress – from isolation or other issues experienced because of changes to their usual working patterns and limited social contact.</p>	<p>Mental health</p> <ul style="list-style-type: none"> ▪ Management are required to promote mental health and wellbeing awareness to staff during the coronavirus outbreak and offer support <p>https://www.mind.org.uk/information-support/coronavirus-and-your-wellbeing/</p> <ul style="list-style-type: none"> ▪ Access to Academy counsellors ▪ Managers are required to maintain good contact with staff working from home for prolonged periods of time to reduce feelings of isolation 	<ul style="list-style-type: none"> ▪ Regular communication of mental health information and open-door policy for those who need additional support

What are the hazards and who might be harmed?	What are we already doing?	What further action is necessary?
<p>Working from home – increased number of staff working from home with limited access to fully ergonomic equipment. Space or equipment constraints at home may make it difficult for staff to optimally set up their workstations and they may report discomfort, aches, or pains.</p>	<ul style="list-style-type: none"> ▪ Current advice from UK government suggests that staff may be requested to work from home for an extended period ▪ Online homeworking training ▪ Access to DSE information and advice on setting up workstations ▪ Staff are required to report any problems they experience from DSE work at home to the Health and Safety Manager ▪ Remind all staff of the importance of taking regular breaks from DSE work 	<ul style="list-style-type: none"> ▪ Remind staff of the importance of completing home-working training assigned to them
<p>Working from other locations – contact with other people may result in infection and illness to those exposed; contact with the contaminated surfaces may result in infection and illness to those exposed.</p> <ul style="list-style-type: none"> ▪ Staff ▪ Students ▪ Other users of the buildings 	<p>Rudolf Steiner House</p> <ul style="list-style-type: none"> ▪ Rudolf Steiner House (RSH) is used by Vocal Faculty students and teachers 	<ul style="list-style-type: none"> ▪ Staff and students will follow the instructions given by RSH
	<p>St Marylebone Parish Church</p> <ul style="list-style-type: none"> ▪ St Marylebone Parish Church is used for organ studies 	<ul style="list-style-type: none"> ▪ Students and teachers will follow the instructions given by St Marylebone Church
	<p>Aybrook Street Study Centre</p> <ul style="list-style-type: none"> ▪ INSEEC has produced guidance for using its building safely. This includes using the common parts of the building including toilet facilities 	

<i>What are the hazards and who might be harmed?</i>	<i>What are we already doing?</i>	<i>What further action is necessary?</i>
	<ul style="list-style-type: none"> ▪ Staff and students follow the guidance given by INSEEC for the common parts of the building ▪ Staff and students follow Academy instructions when using practice rooms, classrooms and offices on floors 1 and 2 	
	<p>Cross Keys and St Mark's Church</p> <ul style="list-style-type: none"> ▪ Hand sanitisers and hand-washing facilities are available at these locations ▪ Staff and students follow the guidance on hand hygiene, respiratory hygiene, and social distancing to maintain their safety ▪ These locations cleaned daily
