

## REGISTER OF INTERESTS 2022/23 (as at 31 July 2023)

In accordance with Charity Commission guidance<sup>i</sup> and the CUC HE Code of Governance<sup>ii</sup>, members of governing bodies need to act, and be perceived to act, impartially, and not be influenced by social or business relationships. Institutions should maintain, check and publish a register of the interests of members and senior executives.

The Academy's Register of Interests provides information about the interests of Governing Body members, external members of committees, the Senior Management Team and directors of subsidiaries, which others might reasonably think could influence their actions and decisions while carrying out Academy duties.
